«PROJECT CODE: CY/2020/AMIF/SO1.NO1.5.3/4»

PROJECT TITLE: «PROVISION OF NURSING SERVICES AT THE RECEPTION & ACCOMMODATION CENTER FOR APPLICANTS OF INTERNATIONAL PROTECTION AT KOFINOU AND THE MENOYIA DETENTION CENTER»

START OF PROJECT: 01/01/2020

END OF PROJECT: 31/12/2020

Within the framework of this project services are provided by nursing personnel with the following aim:

- Accessibility of people who are potentially liable to international protection to qualitative services and nursing care on a regular basis,
- Enhancement of efforts on behalf of the State of health promotion,
- The preservation of the rights to equal access to certain health care services for people belonging to target groups.

Guests / detainees in the above places will have immediate access to Nursing Services. Specifically, Nurses in the Medical Unit of the Reception and Accommodation Center for Applicants of International Protection at Kofinou and the Medical Unit of the Menoyia Detention Center will carry out duties directed at prevention and health promotion, early diagnosis and immediate addressing of health problems, as well as the immediate and effective liaison with other health care services.
