

Question (Associated Press): And just as a follow-up on the US pier, there's been an announcement from Cyprus that the ship has sailed with aid and that it's apparently going to the US pier. Has any agreement been reached between the United Nations and the United States on UN involvement in distribution of aid?

Spokesperson: We are continuing those discussions. So those are ongoing. We hope to be ready whenever aid arrives at the pier. But certainly, the World Food Programme stands ready to distribute aid, if and when you have a drop-off of aid at the pier, and once there's an agreement on how it will travel.
