

Disinfection procedure of businesses premises which provide services to the public

Further to the information provided up until now by the Public Health Services of the Ministry of Health addressing businesses with regard to their obligations to limit the spread of coronavirus, the Ministry of Health, in the framework of re- examining the situation as developed so far, recommends that all the businesses that are still operative in compliance with the Quarantine (Determination of Measures to Prevent the Spread of COVID-19) related decrees should organize and implement a disinfection procedure which shall be implemented after the end of every working day in all the premises that are visited by the public to receive services.

The disinfection procedure should be conducted as prescribed by the [guidelines](#) found in the [attached documents](#).
