

### **Updated travel advice regarding the Coronavirus in force on 10 March 2020 onwards**

The Ministry of Health would like to announce updated travel guidelines regarding persons having travelled within the past 14 days, based on the categorized countries of origin as follows:

**Category I:** Compulsory isolation under medical supervision (quarantine) at home, if possible, or at premises managed by the Ministry of Health for 14 days since their departure from:

- Hubei province, China
- Italy
- Iran
- Republic of Korea

**Category II:** Self-isolation, under telephone supervision, at home, or at premises managed by the Ministry of Health (avoidance of close contact and travel, adherence to basic hygiene rules, monitoring and reporting of symptoms by contacting the Coronavirus call centre at 1420) for 14 days since their departure from:

- China (excluding Hubei province)
- Japan
- Hong Kong
- Germany
- France
- Spain
- Greece (Prefectures of Achaia, Ilia and Zakynthos)

**Category III:** Self-monitoring (adherence to basic hygiene rules and restriction of traveling unless absolutely necessary) and if symptoms occur, contacting the Coronavirus call centre at 1420, for 14 days since their departure from:

- Greece (excluding Prefectures of Achaia, Ilia and Zakynthos)
- United Kingdom
- Switzerland
- Netherlands
- Sweden
- Belgium
- Singapore

Detailed instructions for people who are in self-isolation or in quarantine can be found here:  
<https://www.pio.gov.cy/coronavirus/>.

All passengers in categories I and II will be directed to the airport medical centre, while passengers in ports will be confined to their cabins.

The guidelines do not apply to travelers carrying out transit flights unless they have resided at the transit stop.
