

**Over 54% of the population has received the 1st dose of the vaccine –
Schedule for the Vaccination Portal for the period 4-12 June**

The implementation of the vaccination plan against COVID-19 is intensively progressing, **with 32,6% of the population having completed their vaccination dosages by June 2.** At the same time, **54,1% of the population has received the 1st dose of the vaccine,** with our country **remaining at the 3rd place among the EU member states in terms of the administration of vaccine doses** (71 administration of doses per 100 inhabitants). It is noted that the percentage of vaccination coverage with the 1st dose of the vaccine in the EU is 46,3%, while the percentage of individuals who have completed their vaccination reaches 22,3%.

In continuation of the collective effort aiming at the achievement of the vaccination coverage of 65% of the population with the 1st dose by the end of June, priority through the Vaccination Portal for the period 4-12 June will be given as follows:

Ages	Priority Date for the Vaccination Portal
28-32	Friday, 4 June, 7:30 in the morning until Saturday, 5 June, 5:30 in the afternoon
23-27	Monday, 7 June, 7:30 in the morning until Tuesday, 8 June, 5:30 in the afternoon
18-22	Wednesday, 9 June, 7:30 in the morning until Thursday, 10 June, 5:30 in the afternoon
40 and over	Friday, 11 June, 7:30 in the morning until Saturday, 12 June, 5:30 in the afternoon

Vaccination appointments will be made available through the Vaccination Portal with the available licensed vaccines at Vaccination Centres operating in all Districts.
