

## **Rescheduling of vaccination appointments for 7 June, due to PASYNOs strike**

As a result of the 12-hour work stoppage by members of the Nurses' Union (PASYNO) on Monday, 7 June, affecting the operation of Vaccination Centers, which will have to operate with minimum staff, the Ministry of Health informs that it is already taking necessary action so that a number of vaccination appointments can be rescheduled for other days.

Specifically, the affected Vaccination Centres are:

Larnaka: Port B

Lemesos: Spyros Kyprianou Vaccination Centres B and E

Ammochostos: Ammochostos General Hospital, Vaccination Centre C.

Citizens having an appointment scheduled for Monday, 7 June, at the above centres, will be informed by Sunday, through a text message sent on their mobile phones stating their new appointment date.

The Ministry of Health apologizes for any inconvenience that may be caused and calls on affected citizens not to come for a vaccination on Monday, but on the date stated in the text message they will be sent.
