

**GOVERNMENT GAZETTE OF
THE REPUBLIC OF CYPRUS**

ANNEX III

PART I

REGULATORY ADMINISTRATIVE ACTS

Number 5649	Wednesday, 5 January 2020	11
--------------------	----------------------------------	-----------

Number 3

THE QUARANTINE LAW, CAP. 260

Decree by virtue of article 6(a), (b), (c), (d), (e) and (g)

Cap. 260.
ANAK. 307
32(I) of 2003
31(I) of 2020
72(I) of 2020.

The Minister of Health, in exercising the powers conferred upon him by article 6(a), (b), (c), (d), (e) and (g) of the Quarantine Law, Cap. 260 and by the Decision of the Council of Ministers dated 02 September 2021, hereby issues the following Decree:

Whereas protecting the public health and the health care system is the responsibility of the Republic and for imperative urgency arising from the epidemiological data with the aim of preventing the spread of COVID-19, protecting public health and preventing a possible collapse of the health system due to the spread of the virus, taking into consideration the requirements in human resources and logistical infrastructures necessary to cope with the rapid spread of the virus and whereas the taking of requisite measures has become imperative; and

Government
Gazette, Annex
III (I):
23.3.2020.

Whereas by Notice published in the Government Gazette of the Republic, upon authorization by the Council of Ministers, the Minister of Health has declared the local districts of Nicosia, Limassol, Larnaca, Famagusta and Paphos as being infected with Covid-19, pursuant to article 4 of the Quarantine Law, Cap. 260; and

Whereas, taking into consideration that by 4 January 2022, 89% of the adult population received at least one dose of the vaccine and 83.2% completed the vaccination scheme, but at the same time from 28 December 2021 until 3 January, 1.426 cases have been recorded, while the average rate of persons hospitalized daily is around 200 patients per day, and from 29 December 2021 until 4 January 2022 17 deaths of patients have been recorded with COVID-19 being the ultimate cause of death, and because there are indications as to the 'Omicron' variant's increased transmissibility and until the full evaluation of the variant's epidemiological data on an international level, the following Regulations shall apply for the Districts of Nicosia, Limassol, Larnaca, Famagusta and Paphos:

Short title.

1. This Decree shall be cited as the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (**No. 2**) of 2022.

2. The Regulations of this Decree shall be valid as of **6 January 2022 at 5.00 a.m. until 31 January 2022 at 23.59 p.m.**, unless stipulated otherwise in the Regulations of this Decree.

3. Access to parks, linear parks, beaches, squares, dams, excursion sites, marinas, zoos and nature trails is permitted.

4. (a) Mass events, gatherings, demonstrations, parades, concerts, festivals in public or private places are prohibited, with the exception of events for which guidelines have been issued by the Ministry of Health.

(b) The carrying out of school festive events as well as events in either indoor or outdoor areas at malls, is suspended.

Provided that for any other events, including events taking place in Municipalities, Communities and places of religious worship, the Local Authorities and/or organisers must abide by the provisions of this Decree as well as the health protocols and guidelines of the Ministry of Health.

5. Gatherings at private residences shall be limited to 10 people per residence, not including children up to 12 years old.

6 The presence of congregants is permitted during church services and/or other forms of religious worship with a maximum number of 200 persons in total, either indoors or outdoors, subject to distancing measures and in compliance with Regulation 82, and the responsibility for compliance with this Regulation lies with the person or persons who are in charge of the specific religious worship site according to the regulating legal framework of the religion or/and creed concerned

7. Individual prayer in churches, mosques and other places of religious worship is allowed outside church service hours or/and other religious ceremonies with a maximum of 20 people attending simultaneously the place of religious worship:

Provided that the responsibility for compliance lies with the person or persons who are in charge of the specific religious worship site according to the regulating legal framework of the religion or/and creed concerned.

8. (a) As of 10 January 2022 at 5.00 a.m., the celebration of weddings, christenings and funerals at churches and other areas of religious worship shall be carried out with a maximum of 200 persons attending in total, either indoors or outdoors, subject to distancing measures and in compliance with Regulation 82,

(b) The responsibility for compliance with the provisions of this Regulation lies with the person or persons who are in charge of the specific religious worship site according to the regulating legal framework of the religion or/and creed concerned.

(c) for the holding of a civil wedding, the Municipal Authorities shall uphold the provisions of this Regulation *mutatis mutandis*.

9. As of 10 January 2022 at 5.00 a.m., the holding of events, including weddings and christenings at catering establishments, event and reception venues, hotels or/and tourist accommodation units, night clubs, clubs and music and dancing venues, subject to the guidelines of the Ministry of Health, is governed by the following terms:

(a) with a maximum of 200 persons attending in total, either indoors or outdoors, subject to distancing measures defined in the health protocols and subject to the following:

(i) upon presentation of a valid certificate of completed vaccination for COVID-19, or a valid certificate of recovery from COVID-19, and a negative

-
- laboratory test (PCR) or rapid antigen detection test for COVID-19, with sampling having been carried out within 24 hours, except for persons who have received a booster dose of the vaccine; or
 - (ii) upon presentation, for persons aged 6 to 11 years, of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, with sampling having been carried out within 7 days; or
 - (iii) upon presentation, for persons who cannot be vaccinated due to a medical condition, of a medical certificate issued by the Ministry of Health and a negative laboratory test (PCR) for COVID-19 or a rapid antigen detection test for COVID-19 with sampling having been carried out within 24 hours; or
 - (iv) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine and a vaccination date that does not exceed 35 days, or a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, as well as a negative laboratory test (PCR) for COVID-19, or a rapid antigen detection test for COVID-19 with sampling carried out within 24 hours:

Provided that for persons under 6 years of age, the presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19 is not required; or

(b) service to event attendees shall be provided exclusively at table seating, subject to Ministry of Health guidelines,

(c) the maximum number of persons per table is eight (8) persons.

10. (a) Visits to public and private hospitals are not permitted, except in exceptional circumstances for which approval is granted by the Director of the said facility, upon presentation of a negative laboratory test (PCR) for COVID-19, with the sampling having been carried out within 24 hours:

Provided that, in cases of emergency and subject to the approval of the Director of the said facility, the visit may be carried out upon presentation of a negative rapid antigen detection test, with the sampling having been carried out within 24 hours,

(b) for visits of patients and their companions to outpatient clinics, medical and diagnostic centres, the presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19 shall be required, with the sampling having been carried out within 24 hours, except for persons who have received a booster dose of the vaccine.

11. (a) As regards visits to nursing homes and other closed care and accommodation facilities for the elderly and vulnerable groups and subject to the guidelines of the Ministry of Health and the Deputy Ministry of Social Welfare:

(i) Visits are not permitted, except in exceptional cases for which authorisation is given by the Director of the said facility, upon presentation of a negative laboratory test (PCR) for COVID-19, with the sampling having been carried out within 24 hours,

Provided that, in cases of emergency and subject to the approval of the Director of the said facility, the visit may be carried out upon presentation of a negative rapid antigen detection test, with the sampling having been carried out within 24 hours,

(ii) residents are not allowed to leave and/or stay overnight outside the nursing home and/or the closed facility:

Provided, that, for January 6, 2022 only, a few hours of outings shall be permitted, subject to the approval of the Director of said facility and provided that the resident's companion provides a negative rapid antigen detection test for COVID-19, with the sampling having been carried out within 24 hours,

(b) for visits to day care facilities for vulnerable groups, transitional shelters for homeless persons, day centres and child protection facilities, the guidelines of the Ministry of Health and the Deputy Ministry of Social Welfare shall be followed, and it shall be required that for persons 6 to 11 years of age a negative laboratory test (PCR) or a rapid antigen detection test for COVID-19 shall be presented, with the sampling having been carried out within 7 days or a valid certificate of recovery from COVID-19 or a certificate of completed vaccination, and for persons aged 12 years and over the presentation of either a negative laboratory test (PCR) for COVID-19, with the sampling having been carried out within 72 hours, or a valid certificate of a completed vaccination for COVID-19, or a valid certificate of recovery from COVID-19,

(c) for employees in nursing homes and other closed care and accommodation facilities for the elderly and vulnerable groups, day care facilities for vulnerable groups, transitional shelters for the homeless, day centres and child protection facilities, the guidelines of the Ministry of Health and the Deputy Ministry of Social Welfare shall be followed, and either a negative laboratory test (PCR) for COVID-19, with the sampling having been carried out within 72 hours, or a valid certificate of a completed vaccination for COVID-19, or a valid certificate of recovery from COVID-19, shall be required.

12. (a) In public and private hospitals, all scheduled surgeries for non-emergency cases and admissions for patients whose health is at a non-life-threatening state, are postponed:

Provided that day-care clinics, outpatient visits to outpatient clinics and day-care cases performed in clinics, polyclinics and private hospitals, shall be excluded, provided that the maximum bed occupancy limit, as specified in paragraph (b), shall not be exceeded

(b) For private hospitals, the maximum occupancy rate is at 70% save for the Intensive Care Units where the maximum occupancy rate is at 60%.

13. (a) In public means of transport, the provisions of Regulation 82 as well as the guidelines of the Ministry of Transport, Communications and Works shall apply for employees and passengers.

(b) the Ministry of Transport, Communications and Works shall issue guidelines pertaining to the transport of people by all regular buses with a fare per passenger, as well as by all public and/or private transport means;

(c) The use of a protective facemask is mandatory for employees and passengers in all transport means mentioned in this paragraph, subject to the guidelines of the Ministry of Transport, Communications and Works.

14. The operation of Courts and Registries shall be governed by the guidelines issued by the Supreme Court.

15. The holding of written examinations shall be permitted upon request of the competent body, as well as the holding of meetings of State Authorities and/or meetings of

Authorities and/or Services and/or Organs and/or Bodies, which are provided for by the Constitution, in places approved by the Ministry of Health and subject to Regulation 82.

16. (a) The operation of schools of all levels, including schools of special education, as well as nurseries, kindergartens and children's clubs, is governed by the health protocols of the Ministries of Health, Education, Culture, Sports and Youth, and Labour, Welfare and Social Insurance, and it is required that:

- (i) pupils aged 6 and over shall wear a facial mask and hold either a negative COVID-19 laboratory PCR test or a negative antigen rapid detection test with the sampling having been carried out within the last 72 hours, or a certificate of a completed vaccination scheme against Covid-19 or a valid certificate of recovery from COVID-19,
- (ii) for employees, Regulation 81 applies:

Provided that, only for school attending purposes, pre-primary school pupils who have turned six years old, shall not be obliged to hold a negative Covid-19 laboratory or antigen rapid test or wear a facial mask.

(b) on 10 January 2022, the designated day for the resumption of classes in private and public primary schools and in public and private secondary schools, students and employees of these schools shall be required to present a negative laboratory test (PCR) with the sampling having been carried out within 72 hours or a rapid antigen detection test for COVID-19, with the sampling having been carried out within 48 hours,

(c) the Minister of Education, Culture, Sport and Youth shall, if necessary, make additional contingency arrangements to replace teachers who may be absent from work for reasons related to the pandemic, including the assignment of teaching duties to teachers of a higher rank and/or the use of teachers on the list of appointed teachers and/or the use, within the framework of their duties, of teachers already employed in programmes of the Ministry of Education, Culture, Sport and Youth through the purchase of services,

(d) the operation, with physical presence, of public and private Higher and Tertiary Education Institutions is governed by the following conditions:

- (i) for a maximum capacity of teaching halls of up to two thirds (2/3), the health protocols of the Ministries of Health, and Education, Culture, Sports and Youth, as well as the provisions of Regulation 82, are upheld,
- (ii) for a maximum capacity of teaching halls that is beyond two thirds (2/3) and up to 100% of capacity, the health protocols of the Ministries of Health and Education, Culture, Sports and Youth are upheld and it is mandatory to present either a certificate of a completed vaccination scheme against Covid-19 or a valid certificate of recovery for Covid-19:

Provided that public and private Higher and Tertiary Education Institutions, irrespective of the preconditions set out in this paragraph, may choose to allow access to teaching halls and/or other areas only to persons holding a valid certificate of a completed vaccination scheme against Covid-19 or a valid certificate of recovery from Covid-19.

Provided also that classes as well as exams may be carried out online.

17. The operation of all private institutes and private educational centres, including social activities, is permitted subject to Regulation 82 and the guidelines of the Ministries of Health and Education, Culture, Sports and Youth:

Provided that the maximum number of persons is dependent upon the capacity of each classroom of the premises, as set out in the guidelines of the Ministries of Health and Education, Culture, Sports and Youth, and a minimum of seven persons physically present, including the tutor, if the manager of premises wishes so.

18. As regards retail shops, Regulation 82 and the following terms shall apply:

- (a) the measure of 1 person per 10 sqm, at least, of capacity, should be observed;
- (b) large stores exceeding 500 sqm and trading in a wide range of products, should ensure that there a check is carried out at the entrance by an authorized person so that the maximum number of customers is upheld;
- (c) Measures must be taken to mark the minimum distance of 2 meters, which should be observed by the customers while they are being served, both inside and outside the premises and to display at the entrance of the premises the maximum number of persons permitted in the premises under the guidelines issued by the Ministry of Health and the Ministry of Labour, Welfare and Social Insurance:

Provided that Regulation 31 shall be upheld for catering establishments serving the public within retail businesses.

19. As regards malls, Regulation 82 and the following terms shall apply:

- (a) the measure of 1 person per 10 sqm, at least, of capacity, should be observed, and additionally, a check must be carried out at the entrance by an authorized person so that the maximum number of customers is upheld;
- (b) Measures must be taken to mark the minimum distance of 2 meters, which should be observed by the customers while they are being served, both inside and outside the premises and to display at the entrance of the premises the maximum number of persons permitted in the premises under the guidelines issued by the Ministry of Health:

Provided that retailers inside the malls should observe the provisions of Regulation 18 mutatis mutandis.

Provided that Regulation 31 shall be upheld for catering establishments serving the public within malls.

20. Conferences and trade fairs are permitted and the total number of persons attending should not exceed 50% of the capacity of the premises and subject to Regulation 82.

21. The operation of betting shops is governed by the guidelines of the Ministry of Health and the National Betting Authority and subject to Regulation 82.

22. Casinos operate at 50% capacity, subject to the guidelines of the Ministry of Health, and Regulation 82.

23. The operation of archaeological sites, museums and historic sites, visual art places and galleries is governed by the guidelines of the Ministry of Health and subject to Regulation 82.

24. (i) Itinerant sales and bazaars are permitted subject to possession of the relevant authorisation delivered by the competent Municipal or Community Authority and subject to the guidelines of the Ministry of Health;

(ii) bazars and popular bazars in areas next to places of religious worship are permitted, subject to the guidelines of the Ministry of Health, provided that the organisers have obtained authorisation by the Public Health Services of the Ministry of Health, and subject to Regulation 82.

25. The operation of hairdressing salons, barber shops, beauty centres and tattooing shops is governed by the guidelines of the Ministry of Health and subject to Regulation 82.

26. The operation of theatres, amphitheatres, cinemas and performance halls is governed by the following terms:

(a) the maximum number of persons should not exceed 300, either indoors or outdoors, subject to the distancing measures set out by the health protocols and subject to the following:

- (i) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recover from Covid-19, or
- (ii) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen test for Covid-19 performed within the last 7 days, or
- (iii) upon presentation, for persons who may not get vaccinated due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen test for Covid-19 carried out within the last 7 days, or
- (iv) upon presentation, for persons who have completed their vaccination and a period of 7 months has elapsed without having received a booster dose of the vaccine, of the vaccination certificate and a negative laboratory test (PCR) with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19, with the sampling having been carried out within 48 hours; or
- (v) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine with a vaccination date not exceeding 35 days, or of a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative laboratory test (PCR) with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19, with the sampling having been carried out within 48 hours for persons aged 18 years and over and within 72 hours for persons under 18 years of age:

Provided that, until 6 January 2022, persons aged 12 to 17 years may enter the premises covered by this Regulation upon presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, with the sampling having been carried out within 72 hours and provided that they are accompanied by a parent/guardian who holds a certificate of a completed vaccination with at least two doses if it is a two-dose vaccine or one dose if it is a one-dose vaccine, as well as a negative PCR or rapid antigen detection test for COVID-19 or who fulfils the conditions of the above subparagraphs:

Provided also that for persons under 6 years of age, the presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19 is not required; or

(b) the number of persons attending should not exceed 75% of the capacity of the venue provided that all persons shall present either a valid certificate of a completed vaccination scheme against Covid-19, or a valid certificate of recovery from Covid-19:

Provided that and where the maximum number of persons is not exceeded, persons under 6 years old, persons aged between 6 and 11 who hold a negative laboratory PCR or antigen rapid detection test performed within 7 days, persons aged between 12 and 17 who have received at least one dose of the vaccine and hold a vaccination certificate and a negative laboratory PCR test or rapid antigen detection test for COVID-19 performed within 72 hours, as well as persons who may not get vaccinated due to a medical issue and who present the medical certificate issued by the Ministry of Health, as well as a negative PCR test or a rapid antigen test performed within the last 7 days, shall be exempted.

27. The operation of playgrounds, luna parks and thematic parks, is governed by the guidelines of the Ministry of Health and subject to Regulation 82, and the use of catering establishments within these facilities is governed by Regulation 31.

28. The operation of organised group camping is suspended:

Provided that the guidelines of the Ministry of Health shall apply to the operation of camping sites.

29. The operation of constructions sites and of the construction sector in general, as well as related activities, is governed by the guidelines of the Ministries of Health and Labour, Welfare and Social Insurance and subject to Regulation 82.

30. As of 10 January 2022 at 5.00 a.m., the operation of hotels or/and tourist accommodation units is governed by the guidelines of the Ministry of Health and the Deputy Ministry of Tourism, and persons staying overnight and/or using the facilities of the said establishments, must:

- (i) present a valid certificate of a completed vaccination for COVID-19 or a valid certificate of recovery from COVID-19, or
- (ii) present, if such persons are 6 to 11 years old, a negative laboratory PCR test or a rapid antigen detection test for COVID-19, with the sampling having been carried out within 7 days, or
- (iii) present, if such persons cannot be vaccinated due to a medical issue, the medical certificate issued by the Ministry of Health and a negative laboratory PCR test or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 7 days, or
- (iv) present, if such persons have completed their vaccination and a timeframe of 7 months has elapsed without getting the booster shot, the vaccination certificate and a negative laboratory PCR test with the sampling having been carried out within the last 72 hours, or a rapid antigen detection test for COVID-19 with the sampling having been carried out within the last 48 hours, or
- (v) present, either a vaccination certificate for the first dose if it is a two-dose vaccine and a vaccination date that does not exceed 35 days, or a vaccination certificate for a single-dose vaccine for the first 14 days since the vaccination date, as well as a negative laboratory test (PCR) with sampling having been carried out within the last 72 hours, or a rapid antigen detection test for COVID-19 with sampling having been carried out within the last 48 hours for persons aged 18 years and over and within 72 hours for persons under 18 years of age:

Provided that it is not mandatory for persons under 6 years old to present a negative laboratory PCR test or a rapid antigen detection test for COVID-19:

Provided also that for the holding of events, the provisions of Regulation 9 shall apply mutatis mutandis.

31. As of 10 January 2022 at 5.00 a.m., the operation of catering establishments (restaurants, taverns, cafeterias, pubs, snack-bars and bars, coffee shops, catering establishments inside the malls, catering establishments of hotels and tourist accommodation units, canteens or/and sports clubs, cultural circles, associations, societies etc.) is governed by the guidelines of the Ministry of Health and subject to the following terms:

(a) the maximum number of persons should not exceed 200, either indoors or outdoors, subject to the distancing measures set out by the health protocols and subject to the following:

(i) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recover from Covid-19, or

(ii) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen test for Covid-19 performed within the last 7 days, or

(iii) upon presentation, for persons who may not get vaccinated due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen test for Covid-19 performed within the last 7 days, or

(iv) upon presentation, for persons who have completed their vaccination and a period of 7 months has elapsed without having received a booster dose of the vaccine, of the vaccination certificate and a negative laboratory test (PCR) with sampling carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling carried out within 48 hours; or

(v) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine with a vaccination date not exceeding 35 days, or of a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative laboratory test (PCR) with sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19 with sampling having been carried out within 48 hours for persons aged 18 years and over and within 72 hours for persons under 18 years of age:

Provided that for persons under 6 years old, the presentation of a negative laboratory PCR or rapid antigen detection test is not required, or

(b) service to event attendees shall be provided exclusively at table seating, subject to Ministry of Health guidelines,

(c) the maximum number of persons per table is eight (8) persons,

(d) take away service is excluded from the provisions of paragraphs (a) and (b), provided that the customer shall not remain at the facility and/or stay seated there to consume a meal, and provided that Regulation 82 shall be upheld.

(e) for the holding of events in the venues/premises governed by this Regulation, the provisions of Regulation 9 shall be upheld.

32. As of 10 January 2022 at 5.00 a.m., the operation of night clubs, event venues, discos, clubs and music and dancing venues is governed by the guidelines of the Ministry of Health and subject to the following terms:

(a) the maximum number of persons should not exceed 200, either indoors or outdoors, subject to the distancing measures set out by the health protocols and subject to the following:

(i) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recovery from Covid-19, as well as a negative laboratory PCR test or rapid antigen detection test for Covid-19 with the sampling having been carried out within 24 hours, excluding those who have received a booster, or

(ii) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen detection test for Covid-19 performed within the last 7 days, or

(iii) upon presentation, for persons who may not get vaccinated due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen detection test for Covid-19 performed within the last 24 hours, or

(iv) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine and a vaccination date not exceeding 35 days, or a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative PCR laboratory test or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 24 hours:

Provided that for persons who are under 6 years old, the presentation of a negative laboratory PCR or rapid antigen detection test shall not be required,

(b) service to event attendees shall be provided exclusively at table seating, subject to Ministry of Health guidelines,

(c) the maximum number of persons per table is eight (8) persons.

33. For the premises to which access under this Decree requires the presentation of either a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, or a certificate of vaccination, or a certificate of recovery for COVID-19, persons who are not permanent residents of the Republic and who enter the Republic legally without holding a certificate of a completed vaccination scheme or a certificate of recovery from COVID-19:

(a) if arriving through Larnaca and Paphos airports, they shall present as evidence the Cyprus Flight Card obtained through the platform <https://cyprusflightpass.gov.cy> and in addition the boarding pass or proof of reservation at the accommodation they are staying,

(b) if they arrive via the legal points of entry to the Republic by sea, if they are passengers on a cruise ship, they shall present the proof of embarkation secured from the cruise ship as a boarding card, and if they are passengers on a pleasure boat, they shall present the proof of embarkation secured from the Manager of the marina where they are docked, in accordance with the guidelines of the Ministry of Transport, Communications and Works and the Deputy Ministry of Shipping,

(c) the expiry date of the documents referred to in paragraphs (a) and (b), for persons who do not hold a certificate of a completed vaccination scheme or a certificate of recovery from COVID-19, is seven days after the date of arrival, and thereafter such persons shall provide either a negative laboratory test (PCR) or a rapid antigen detection test for COVID-19.

34. The ports of the Republic shall be operated for commercial transactions and activities and for cruise passenger services and services supporting the operation of the

ports for supply chain support purposes shall be permitted, subject to the guidelines of the Ministry of Transport, Communications and Works.

35. The operation and use of sports facilities, including sports swimming pools are governed by the following conditions:

(a) for training and team sports competitions, for professional leagues of teams A, B and C divisions and national teams, without the use of changing rooms and similar infrastructure and in compliance with sanitary protocols:

Provided that, on the day of the match, the use of changing rooms shall be permitted,

(b) for training of athletes and conducting individual and team sports competitions, including contact sports, in indoor and outdoor sports facilities, in compliance with the guidelines of the Cyprus Sports Organization and the Ministry of Health, without the use of changing rooms and similar infrastructure:

Provided that the maximum number of athletes is determined by guidelines of the Cyprus Sports Organisation and the Ministry of Health:

Provided that on the day of the match, the operation of the changing rooms is allowed,

(c) for the holding of races of a social nature, such as marathons, triathlons, etc., with the observance of a health protocol prepared by the organizer and approved by the Ministry of Health,

(d) operation of indoor sports facilities including gyms, dance schools, as well as schools of other sports, in compliance with the measure of one person per 8 square meters and in compliance with the guidelines of the Cyprus Sports Organization and the Ministry of Health, without the use of changing rooms and similar infrastructure, except for the changing rooms of gymnasiums, the operation of which is governed by the guidelines of the Cyprus Sports Organization,

(e) operation of race horse meetings, subject to the guidelines of the Ministry of Health,

(f) for persons aged 6 years and over who fall within the provisions of paragraphs (b) to (e) of this Regulation and, whether they play sports in indoor sports facilities, or in outdoor sports facilities, or take part in sports events (competitions), Regulation 82 applies,

(g) regardless of the provisions of Regulation 48, in sports facilities owned by the Cyprus Sports Organization, which it grants for use to sports organizations / associations / federations, this organization / association / federation, for the period of use of the facility, is responsible for compliance with the Regulations provided for in this Decree, as well as the relevant health protocols and / or guidelines issued by the relevant competent authorities:

Provided that, the Cyprus Sports Organization reserves the right to control and supervise the implementation of the measures of this Decree, in cooperation with the Cyprus Police, pursuant to Regulation 48.

36. The presence of spectators in matches and events that take place in pitches and sports facilities, with the exception of football pitches, is governed by the guidelines of the Ministry of Health and the Cyprus Sports Organisation and under the following terms:

(a) at 50% capacity maximum, subject to the distancing measures set out by the health protocols and subject to the following:

- (i) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recover from Covid-19, or
- (ii) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen test for Covid-19 performed within the last 7 days, or
- (iii) upon presentation, for persons who may not get vaccinated, due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen detection test for Covid-19 performed within the last 7 days, or
- (iv) upon presentation, for persons who have completed their vaccination and a period of 7 months has elapsed without having received a booster dose of the vaccine, of the vaccination certificate and a negative laboratory test (PCR) with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 48 hours; or
- (v) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine with a vaccination date not exceeding 35 days, or a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative laboratory test (PCR) with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 48 hours for persons aged 18 years and over and within 72 hours for persons under 18 years of age:

Provided that, until 6 January 2022, persons aged 12 to 17 years may enter the premises covered by this Regulation upon presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, with the sampling having been carried out within 72 hours and provided that they are accompanied by a parent/guardian who holds a certificate of a completed vaccination with at least two doses if it is a two-dose vaccine or one dose if it is a one-dose vaccine, as well as a negative PCR or rapid antigen detection test for COVID-19 or who fulfils the conditions of the above subparagraphs:

Provided that for persons who are under 6 years old, the presentation of a negative laboratory PCR or rapid antigen test is not required, or

(b) at friendly meetings or training sessions of academies and developmental sports, subject to the distancing measures defined in the health protocols and with a maximum number of spectators at outdoor sports facilities with stands not exceeding 40% of the facility's capacity, at outdoor sports facilities without stands not exceeding 150 persons and at indoor sports facilities with stands not exceeding 30% of the facility's capacity and subject to the following conditions:

- (i) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recovery from Covid-19, or
- (ii) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen detection test for Covid-19 performed within the last 7 days, or
- (iii) upon presentation, for persons who may not get vaccinated, due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen detection test for Covid-19 performed within the last 7 days, or
- (iv) upon presentation, for persons who have completed their vaccination and a period of 7 months has elapsed without having received a booster dose of the

vaccine, of the vaccination certificate and a negative laboratory test (PCR) with sampling carried out within 72 hours, or a rapid antigen detection test for COVID-19 performed within 48 hours; or

(v) upon presentation of either a first dose vaccination certificate if it is a two-dose vaccine with a vaccination date not exceeding 35 days, or a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative PCR laboratory test with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 48 hours if the person is 18 years of age or older and within 72 hours if the person is under 18 years of age:

Provided that, until 6 January 2022, persons aged 12 to 17 years may enter the premises covered by this Regulation upon presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, with the sampling having been carried out within 72 hours and provided that they are accompanied by a parent/guardian who holds a certificate of a completed vaccination with at least two doses if it is a two-dose vaccine or one dose if it is a one-dose vaccine, as well as a negative laboratory PCR test or rapid antigen detection test for COVID-19 or who fulfils the conditions of the above subparagraphs:

Provided also that for persons under the age of 6 years the presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19 shall not be required.

37. The presence of spectators in football matches is permitted provided that their number shall not exceed 50% of the capacity of the pitch and subject to the following conditions:

(a) upon presentation of either a valid certificate of a completed vaccination scheme for Covid-19, or a valid certificate of recovery from Covid-19, or

(b) upon presentation, for persons aged 6 to 11 years old, of a negative laboratory PCR test or rapid antigen test for Covid-19 performed within the last 7 days, or

(c) upon presentation, for persons who may not get vaccinated due to a medical issue, of the medical certificate issued by the Ministry of Health, and a negative PCR laboratory test or a rapid antigen test for Covid-19 performed within the last 7 days, or

(d) upon presentation, for persons who have completed their vaccination and a period of 7 months has elapsed without having received a booster dose of the vaccine, of the vaccination certificate and a negative laboratory test (PCR) with the sampling carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling carried out within 48 hours; or

(e) upon presentation of either a first-dose vaccination certificate if it is a two-dose vaccine and a vaccination date not exceeding 35 days or a vaccination certificate for a single-dose vaccine for the first 14 days from the date of vaccination, and a negative laboratory test (PCR) with the sampling having been carried out within 72 hours, or a rapid antigen detection test for COVID-19 with the sampling having been carried out within 48 hours for persons aged 18 years and over and within 72 hours for persons under 18 years of age:

Provided that, until 6 January 2022, persons aged 12 to 17 years may enter the premises covered by this Regulation upon presentation of a negative laboratory test (PCR) or rapid antigen detection test for COVID-19, with the sampling having been carried out within 72 hours and provided that they are accompanied by a parent/guardian who holds a certificate of a completed vaccination with at least two doses if it is a two-dose vaccine

or one dose if it is a one-dose vaccine, as well as a negative laboratory PCR test or rapid antigen detection test for COVID-19 or who fulfils the conditions of the above paragraphs:

Provided that for persons who are under 6 years old, the presentation of a negative laboratory PCR test or rapid antigen test shall not be required.

38. For persons who enter reception and hospitality centres for asylum seekers, Regulation 82 shall be upheld.

39. The operation of driving schools is governed by the guidelines of the Ministry of Health and the Ministry of Transport, Communications and Works.

40. Farmers' markets shall operate at 50% of their capacity, observing the distance of 1.5 meters between people, the guidelines issued by the Ministry of Health and the provisions of Regulation 82.

41. The operation of swimming pools for public use is governed by the guidelines of the Ministry of Health and subject to Regulation 82.

42 (a) It is prohibited to enter the Republic from illegal points of entry and to this end the competent monitoring authorities implement the necessary measures; and

(b) any person arriving on and/or entering illegally the territory of the Republic shall remain in areas of compulsory confinement designated by the Republic for 14 days from arrival:

Provided that asylum seekers who enter, are placed and/or obliged to stay in reception, hospitality and/or detention centres for asylum seekers, are placed in areas of compulsory confinement for 14 days, before coming into any contact with those already staying there and the relevant medical protocol shall be observed for each case.

(c) a person arriving and/or entering the territory of the Republic from unauthorised points of entry from the countries listed in Regulation 87(a) of this Decree shall remain in mandatory isolation areas designated by the Republic for the purpose of ensuring public health until the epidemiological data have been evaluated.

43. The operation of passenger short sea vessels, recreational fishing vessels and vessels for the transport of divers, private vessels and water sports undertakings shall be governed by the health and safety guidelines issued by the Deputy Ministry of Shipping, and for the use of passenger short sea vessels by the public, Regulation 82 shall be upheld.

44. (a) The undertakings serving the public, as well as the Departments/Services of the public sector, the wider public sector and the Local Authorities serving the public should take the necessary measures to mark the minimum distance of two meters that has to be observed by the citizens, both inside and outside the premises provided that not more than 1 person per 7 sq. m. of working capacity may be simultaneously at the same place, i.e. the service area, including the staff. Moreover, they should display at the entrance of the premises the maximum number of persons allowed inside the premises under the guidelines issued by the Ministry of Health and the Ministry of Labour, Welfare and Social Insurance;

(b) Without prejudice to Regulations 9, 26, 31, 32, 36 and 37, in all enterprises serving the public, as well as in all Departments/Services of the public sector, the wider public sector and the Local Authorities, Regulation 82 shall be upheld.

45. (a) The 50% of persons employed in private service-providing enterprises, excluding the enterprises that employ up to ten persons and essential services, shall work remotely:

Provided that in essential services the measure of remote work shall be maintained to the degree possible.

Provided further that this percentage includes employees who are absent from work, either due to days off, or sick leave or due to mandatory self-confinement in accordance with the health protocols and the guidelines of the Ministry of Health.

(b) (i) The 50% of persons working in the public and wider public sector, shall work remotely, and the competent authority, under the Public Service Laws 1990 to 2020 and/or the relevant legislation governing the operation of Independent Services and/or Deputy Ministries, determines staff needs for the smooth operation of the service:

Provided that this percentage includes employees who are absent from work, having either a special leave for public health reasons, or a sick leave or days off or due to mandatory self-confinement in accordance with the health protocols and the guidelines of the Ministry of Health.

(ii) For Essential Services, as these are defined in Regulation 46 of this Decree, the competent authority makes the necessary arrangements in order to ensure the smooth operation of the Service and the State and to the degree possible, the upholding of the measure for remote work,

(iii) Public Law organisations and Local Government Authorities apply the provisions of this Regulation mutatis mutandis,

(iv) Subject to the provisions of this Regulation, where by virtue of the provisions of Regulation 44, the physical presence of the 50% of civil servants and teleworking are not possible in Services/Departments of the public and wider public sector, in Organisations of Public Law and in Local Government Authorities serving the public, the competent authority may give a special leave on grounds of public health:

Provided that the provisions of this Regulation may be valid mutatis mutandis for the Services/Departments of the public and wider public sector, Organisations of Public Law and Local Government Authorities that do not serve the public, where under the guidelines of the Ministry of Labour, Welfare and Social Insurance and the Ministry of Health on the management of issues of health and safety at work under coronavirus conditions, the physical presence of all employees is not possible:

Provided further that where by virtue of the provisions of Regulation 44, the physical presence of the 50% of employees is not feasible, according to the instructions of the competent authority, they shall be obliged to perform their duties through teleworking:

Provided also that in cases where the nature of the duties does not permit teleworking, a request for special leave on grounds of public health may be submitted:

Provided lastly that if the employees do not wish to perform their duties through teleworking they should apply for a special leave on grounds of public health, for the period of which the said beneficiaries shall be indemnified with 60% of their earnings by their respective employer.

46. For the purposes of this Decree, the following are defined as Essential Services:

(1) the Ministry of Labour, Welfare and Social Insurance, including all its Departments/Services,

(2) the Ministry of Health, including all its Directorates/Departments and Services, as well as the State Medical Services Organisation and the Health Insurance Organisation and their Directorates and/or Services,

(3) the Ministry of Transport, Communications and Works, including its Directorates/Services,

(4) the Ministry of Finance, including all its Permanent Directorates/Departments/Services;

(5) the Ministry of Interior, including its Directorates/Departments/Services;

(6) the Ministry of Energy, Commerce and Industry, including its Directorates/Departments/Services;

(7) the Ministry of Justice and Public Order, including its Directorates/Departments/Services;

(8) the Ministry of Agriculture, Rural Development and Environment, including its Directorates/Departments and Services;

(9) the Ministry of Education, Culture, Sports and Youth, including its Directorates/Departments and Services;

(10) the Ministry of Defence;

(11) the Ministry of Foreign Affairs and its Directorates/Departments;

(12) the Deputy Ministry of Research, Innovation and Digital Policy, including its Directorates/Services;

(13) the Deputy Ministry of Shipping;

(14) the Deputy Ministry of Tourism;

(15) the Deputy Ministry of Social Welfare;

(16) the House of Representatives;

(17) the Courts and Registries (including their employees),

(18) the Law Office,

(19) the Health Services of Local Government Authorities and the public and wider public sector,

(21) the Cyprus Intelligence Services,

(21) the Police, the Fire Service and the Prisons Department,

(22) the National Guard,

(23) the Treasury,

(24) private and public hospitals, clinics, medical and diagnostic centres,

(25) the essential services of airports and airlines,

- (26) the telecommunications companies and Radio Cyprus,
- (27) the Cyprus Electricity Authority,
- (28) the Water Boards, Desalination Plants,
- (29) the Cyprus Transmission System Operator,
- (30) the Financial Markets and Payments Infrastructure Department, the Currency Management Department, the Information Technology Department, the General Administrative Services Department, the Accounting Services and Audit Department and the Supervision Department - Crisis Group, of the Central Bank of Cyprus,
- (31) the Cyprus Telecommunications Authority,
- (32) the Cyprus Sports Organisation,
- (33) the Presidency of the Republic,
- (34) the Secretariat of the Council of Ministers,
- (35) the Ports Authority, the Ports and Services within the Ports,
- (36) the Digital Security Authority,
- (37) the Sewerage Boards,
- (38) the Public Service Commission,
- (39) the Education Service Commission,

In addition to the above, for the purposes of this Decree, the following are defined as Essential Services: banking services, insurance services, services of credit purchasing companies, the maritime sector, lawyers, law firms and law offices, the media, the services necessary for the supervision and management of the coronavirus pandemic, for the provision of social services and the payment of benefits and other benefits to citizens, for ensuring uninterrupted electricity supply and water supply, for the operation of electronic communications/systems, telecommunications and postal services, for the operation of air transport and air traffic control, the operation of maritime traffic management and monitoring systems, the operation of civil defence, for the operation of hospitals and similar services in the health sector, veterinary services, prisons, asylum and immigration, the repair or maintenance of equipment and electromechanical installations of the National Guard and the Police including the Fire Service, the safe management of waste and strategic stocks of the State, the operation of ports and similar and supporting services, the activities of private security and protection system services, as well as the provision of services for the maintenance and cleaning of buildings and outdoor venues, as well as departments and civil servants who must be physically present due to their work relating to the implementation of actions of the Recovery and Sustainability Plan.

47. Where there is a case of Covid-19 in any private office and/or undertaking and/or in any service of the public service and/or the wider public service and/or in the independent services and/or in local authorities, they are obliged to suspend their operation immediately and proceed to the disinfection of the area before resuming their operation:

Provided that the whole personnel shall leave the place until the completion of the disinfection and the reoperation of the place. According to the guidelines of the European

Centre for Disease Prevention and Control, found on https://www.pio.gov.cy/coronavirus/press/3042020_2.pdf, the area must be disinfected with an approved disinfectant either by licensed users of viricidal products or by the Health and Safety Officer of each undertaking/Service, who is designated by virtue of the Health and Safety at work Laws of 1996 to 2021 and provided that he/she has been trained to this purpose. Following disinfection, the area must remain closed for at least three (3) hours and then the area must be ventilated for approximately 30 minutes before the staff enters the premises.

48. (a) Without prejudice to the obligation and individual responsibility of every person to comply with the Regulations provided for by this Decree and the relevant health protocols and/or guidelines issued by the competent authorities, the owner or/and manager or/and the person in charge of the undertaking or/and premises or/and any other place where economic activity is taking place in relation to goods or services according to the Quarantine Law (Cap. 260), shall be responsible for the observation of the Regulations provided for by this Decree and the relevant health protocols and/or guidelines issued by the competent authorities.

(b) the owner or/and manager or/and the person in charge of the undertaking or/and premises or/and any other place where economic activity is taking place in relation to goods or services, who under paragraph (a) is responsible for the compliance with the Regulations provided for by this Decree shall perform the required checks for the observation of the measures provided for by this Decree, the relevant health protocols and/or guidelines issued by the competent authorities and to this end he/she may assign in writing this task to an authorised employee/officer or to a Private Security Agency or/and Private Guard as provided for by paragraph (c)(xvi):

Provided that in case a person refuses to present a proof of either a negative Covid-19 laboratory or rapid antigen test or a certificate of a completed vaccination scheme against Covid-19, or a proof or release for those who have recovered from Covid-19 or a European Digital COVID Certificate, where this is mandatory by virtue of the provisions of this Decree, during a control by the Police or/and any other Competent Authority or/and any authorised officer by virtue of paragraph (c), the person who refused to comply shall be solely liable and to the owner or/and manager provided that he/she has not been served by the establishment;

(c) officers of the following Ministries and/or Services, as well as self-employed persons selected by the Ministry of Energy, Commerce and Industry upon tender procedure for services, shall monitor the implementation of measures of the Quarantine Law (Cap. 260) and of this Decree, in cooperation with the Cyprus Police:

- (i) Ministry of Finance;
- (ii) Ministry of Education, Culture, Sports and Youth;
- (iii) Ministry of Labour, Welfare and Social Insurance;
- (iv) Ministry of Interior;
- (v) Ministry of Transports, Communications and Works;
- (vi) Deputy Ministry of Research, Innovation and Digital Policy;
- (vii) Deputy Ministry of Shipping;
- (viii) Deputy Ministry of Tourism;
- (ix) Public Health Services, Department of Medical and Public Health Services, Ministry of Health;
- (x) Department of Agriculture, Department of Forests, Department of Fishery and Marine Research, Mines Service and Veterinary Services, Ministry of Agriculture, Rural Development and Environment;
- (xi) Consumer Protection Service, Ministry of Energy, Commerce and Industry;
- (xii) traffic wardens of each Municipality;
- (xiii) members of the National Guard;
- (xiv) the Cyprus Sports Organisation;

- (xv) Safety and Health Officers of Ministries/Deputy Ministries, Services/Departments, Organisations of Public Law, Independent Authorities, Local Authorities and private undertakings;
- (xvi) Private Security Agencies or/and Private Guards holding a licence issued under the Private Security Agencies Law of 2007 to 2014;
- (xvii) Stewards entered in the Register of Stewards established by the Stewards Commission according to the Prevention and Suppression of Violence at Sports Venues (Stewards) Regulations of 2012 by virtue of the Prevention and Suppression of Violence at Sports Venues Laws of 2008 to 2014; and
- (xviii) the administrations of public and private school units.

49. The use of protective face masks is mandatory for all persons over six years old, indoors where there are more than one person and outdoors where there are more than two persons with the exception of the cases specified by the guidelines issued by the Ministry of Health:

Provided that the use of face masks inside elevators is mandatory irrespective of the number of persons.

50. Entry into the Republic is permitted for persons, regardless of nationality, arriving at the Larnaca and Paphos airports from countries of the 'Green' category, according to the country categorization, based on the risk assessment as announced by the Ministry of Health and subject to the guidelines as announced on the <https://cyprusflightpass.gov.cy/> platform and passengers aged 12 years and over:

(a) must hold a certificate of laboratory testing (PCR) for COVID-19 from a certified laboratory with a negative result, with sampling having been carried out within 48 hours prior to their departure for the Republic,

(b) shall undergo upon their arrival in the Republic a laboratory test (PCR), the cost of which shall be borne by them, and remain in self-confinement until the result of the test is issued,

(c) with the exception of those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, shall undergo a rapid antigen detection test for COVID-19 upon the completion of 72 hours since their arrival, in accordance with the guidelines of the Ministry of Health,

(d) persons refusing to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(e) for persons who are diagnosed positive for COVID-19, the medical protocol of the Ministry of Health shall be followed, subject to the provisions of Regulation 79.

51. Entry into the Republic is permitted for persons, regardless of nationality, arriving at the Larnaca and Paphos airports from countries of the 'Orange' category according to the categorisation of countries, based on the risk assessment as announced by the Ministry of Health, subject to the guidelines as announced on the <https://cyprusflightpass.gov.cy/> platform, under the following conditions:

(a) they must hold a certificate of a laboratory test (PCR) for COVID-19 from an accredited laboratory with a negative result, with sampling having been carried out within 48 hours prior to their departure for the Republic,

(b) they shall undergo upon arrival in the Republic a laboratory test (PCR), the cost of which shall be borne by them and remain in self-confinement until the result of the test is issued,

(c) with the exception of those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, they shall undergo a rapid antigen detection test for COVID-19 upon the completion of 72 hours since their arrival, in accordance with the guidelines of the Ministry of Health

(d) persons refusing to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(e) for persons who are diagnosed positive for COVID-19, the medical protocol of the Ministry of Health shall be followed, subject to the provisions of Regulation 79.

52. Entry into the Republic is permitted for persons, regardless of nationality, arriving at the Larnaca and Paphos airports from countries of the 'Red' category according to the categorisation of countries, based on the risk assessment as announced by the Ministry of Health, subject to the guidelines as announced on the <https://cyprusflightpass.gov.cy/> platform, under the following conditions :

(a) they must hold a certificate of a laboratory test (PCR) for COVID-19 from an accredited laboratory with a negative result, with sampling having been carried out within 72 hours prior to their departure for the Republic,

(b) they shall undergo upon arrival in the Republic a laboratory test (PCR), the cost of which shall be borne by them and remain in self-confinement until the result of the test is issued,

(c) with the exception of those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, they shall undergo a rapid antigen detection test for COVID-19 upon the completion of 72 hours since their arrival, in accordance with the guidelines of the Ministry of Health,

(d) persons refusing to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(e) for persons who are diagnosed positive for COVID-19, the medical protocol of the Ministry of Health shall be followed, subject to the provisions of Regulation 79.

53. Entry into the Republic is not permitted for persons arriving at the Larnaca and Paphos airports from countries of the 'Grey' category according to the categorisation of countries, based on the risk assessment as announced by the Ministry of Health, except for the following:

(a) the following categories of persons, subject to the guidelines as announced on the <https://cyprusflightpass.gov.cy/> platform:

- (i) Cypriot citizens and members of their families (alien spouses and minor children);
- (ii) European citizens, citizens of the European Economic Area (Iceland, Lichtenstein, Norway) and Switzerland;
- (iii) legal residents of the Republic;
- (iv) passengers entitled to enter the Republic according to the Vienna Convention; and
- (v) third-country nationals entitled to enter the Republic provided that they hold an approval for special entry permit to the Republic obtained upon application to the Commission appointed by the Council of Minister in its meeting of 17 June 2020.

(b) Persons referred to in paragraph (a) and as long as they hold:

(i) a certificate of complete vaccination scheme issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, either with a vaccine approved by the European Medicines Agency or with Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield and AstraZeneca – SKBio, or;

(ii) a certificate of recovery from Covid-19 in the form of the EU Digital COVID Certificate issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined in press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, valid for 180 days since the date of sampling of the positive diagnosis;

they present a certificate of a laboratory test (PCR) for COVID-19 from an accredited laboratory with a negative result, the sampling having been carried out within 72 hours prior to their departure for the Republic, except for persons aged 11 years and under, and undergo a laboratory test (PCR) upon arrival, except for persons aged 11 years and under, the cost of which shall be borne by them and they shall remain in self-confinement until the result of the test is issued, and in addition, with the exception of those who have been proven to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, shall undergo a rapid antigen detection test for COVID-19 upon the completion of 72 hours after their arrival, in accordance with the guidelines of the Ministry of Health:

Provided that the certificates of complete vaccination issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined in press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, shall only be accepted in electronic format (EU Digital COVID Certificate),

(c) the persons referred to in paragraph (a) who do not meet the conditions in paragraph (b):

(i) shall present a certificate of laboratory testing (PCR) for COVID-19 from a certified laboratory with a negative result, with sampling having been carried out within 72 hours,

(ii) shall undergo upon arrival in the Republic a laboratory test (PCR) for COVID-19, the cost of which shall be borne by them, and

(iii) shall remain in mandatory self-confinement and either undergo a laboratory test (PCR) for COVID-19 on the seventh day of self-confinement at their own expense and self-confinement is terminated provided that the result of the test is negative, or be released on the fourteenth day of self-confinement provided that they are not positive for COVID-19, in accordance with the guidelines of the Ministry of Health,

(d) persons who arrive in the Republic from countries of the 'Grey' category, for the purpose of implementing public works or other professional obligations, upon the approval of the Committee appointed by the Decision of the Council of Ministers dated 17 June 2020, with the exception of persons falling under the provisions of Regulation 53(a)(i) to (iv), and whose period of stay in the Republic does not exceed 4 days:

(i) shall present a negative certificate of a laboratory test (PCR) for COVID-19 from a certified laboratory with a negative result, with sampling having been carried out within 72 hours prior to departure, except in urgent and exceptional cases in which approval is given by the Minister of Health, and have the laboratory test (PCR) carried out immediately upon arrival in the Republic, the cost of which shall be borne by them, and remain in self-confinement until the result of the test is issued,

(ii) shall be required to undergo a daily rapid antigen detection test for COVID-19 until the day of their departure, to keep the certificate of the test for check purposes and to take precautionary and self-protection measures in the place where they reside,

(e) persons refusing to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(f) persons covered by this Regulation, who are diagnosed positive for COVID-19 shall follow the medical protocol of the Ministry of Health, subject to the provisions of Regulation 79.

54. Entry to and/or departure from the Republic of persons who are crew members of commercial vessels or crew members on platforms conducting exploratory drilling within the Exclusive Economic Zones of States with which the Republic has established diplomatic relations, or crew members of cruise ships or crew members of pleasure boats, either docked in the ports of the Republic, or arriving on commercial or other flights, from countries:

(a) of the "Green", "Orange" and "Red" categories, in accordance with the categorisation of countries based on the risk assessment as announced by the Ministry of Health, subject to the guidelines of the Ministry of Transport, Communications and Works and the Deputy Ministry of Shipping,

(b) of the 'Grey' category, in accordance with the categorisation of countries on the basis of the risk assessment as announced by the Ministry of Health, subject to the following conditions:

- (i) Such persons shall be placed under self-confinement 14 days prior to their arrival,
- (ii) they shall present a negative laboratory test certificate (PCR) for COVID-19 valid for 72 hours prior to their departure for the Republic,
- (iii) the company for which they are employed and/or the agent, who is responsible for the change of crew, undertakes the transport of the crew directly from the ship to the airport and the transport of crews arriving by air from the airport to the port of departure, under strict security measures. If the timing between the arrival of the ship and the arrival of the flight is not synchronous, or if the results of the laboratory tests (PCR) are pending, the company and/or agent shall make arrangements for the crew to stay in designated accommodation, in isolation, until the arrival of the flight or ship. Where possible, the disembarking crew shall remain on board until the date of the flight:

Provided that, in the case of persons already employed as crew members on board vessels docked in Cypriot ports and who will depart from the Republic, this paragraph and the guidelines of the Deputy Ministry of Shipping shall apply in their case; and

(iv) they shall be exempted from the self-confinement requirement, as provided in paragraph (b)(i), if they hold a certificate of a completed vaccination scheme from the competent authorities of the Member States of the European Union, the European Economic Area and Switzerland and countries specified in press releases issued by the Ministry of Health and/or posted on [https://cyprusflightpass.gov. cy/](https://cyprusflightpass.gov.cy/), with a vaccine authorised by the European Medicines Agency or with the Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield, AstraZeneca – SKBio, Covaxin, Sputnik light (only as booster shot in a basic vaccination scheme) and Novavax Nuvaxovid COVID-19 vaccine, provided that the number of days specified by the Ministry of Health between the administration of the last dose and the date of travel has elapsed after the required doses have been completed, or a certificate of recovery from COVID-19 in the form of the COVID European Digital Certificate issued by the competent authorities of the Member States of the European Union, the States of the European Economic Area and Switzerland and the countries specified in press releases of the Ministry of Health and/or posted on the <https://cyprusflightpass.gov.cy/> platform, with a validity of 180 days from the date of sampling of the positive diagnosis.

55. Entry and stay in the Republic is permitted for seafarers and crew members of vessels, who are travelling on board vessels docked in the ports of the Republic, under the following conditions and in accordance with the guidelines of the Deputy Ministry of Shipping:

(a) for vessels arriving in the Republic from countries of the "Green", "Orange" and "Red" categories, and provided that they have not called at a port from a country belonging to the "Grey" category in accordance with the categorisation during the previous 14 days, seafarers and crew members must present a negative certificate of laboratory testing (PCR) for COVID-19, valid for 72 hours prior to departure from the vessel and these persons shall be subjected to a laboratory test (PCR) in the docking area and remain on board until the result is issued and additionally, except for those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a single-dose vaccine or a third dose of a two-dose vaccine, shall undergo a rapid antigen detection

test for COVID-19 disease at the end of 72 hours after their arrival, in accordance with the guidelines of the Ministry of Health,

(b) for vessels arriving in the Republic from countries in the Grey category, seafarers and crew members:

(i) must have completed 14 days in self-confinement prior to arrival and have completed a specific form issued by the Ministry of Transport, Communications and Works as part of the crew change protocol,

(ii) must present a laboratory test (PCR) for COVID-19 disease, with sampling having been carried out within 72 hours before the vessel departs for the Republic,

(iii) must undergo a laboratory test (PCR) for COVID-19 upon disembarkation from the vessel, and until the result of the test is issued, such persons shall remain on board or in self-confinement until the result of the test is issued; and

(iv) shall undergo a rapid antigen detection test for COVID-19 at the end of 72 hours after their arrival, in accordance with the guidelines of the Ministry of Health, and excluding those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a single-dose vaccine or a third dose of a two-dose vaccine,

(v) who refuse to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(c) for the carrying out of the laboratory tests (PCR), the transport procedure and the quarantine, pending the results of the test, of such persons, the procedures provided for in Regulation 54 shall be followed mutatis mutandis,

(d) shall be exempted from the requirement of self-confinement as provided in paragraph (b)(i) if they hold:

(i) a certificate of an integrated vaccination scheme from the competent authorities of the Member States of the European Union, the European Economic Area and Switzerland and the countries specified in press releases issued by the Ministry of Health and/or posted on <https://cyprusflightpass.gov.cy/>, with a vaccine authorised by the European Medicines Agency or with the Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield, AstraZeneca – SKBio, Covaxin, Sputnik light (only as booster shot in a basic vaccination scheme) and Novavax Nuvaxovid COVID-19 vaccine, provided that the number of days specified by the Ministry of Health between the administration of the last dose and the date of travel has elapsed after the required doses have been completed, or

(ii) a certificate of recovery from the COVID-19 disease in the form of the European Digital Certificate COVID from the competent authorities of the Member States of the European Union, the States of the European Economic Area and Switzerland and the countries specified in press releases issued by the Ministry of Health and/or posted on <https://cyprusflightpass.gov.cy/>, with a validity of 180 days from the date of sampling of the positive diagnosis,

(e) for persons who are diagnosed positive for COVID-19, the medical protocol of the Ministry of Health shall be followed, subject to the provisions of Regulation 79.

56. For persons legally entering the Republic through legal sea ports of entry from countries categorized as "Green", "Orange", "Red" and "Grey", according to the categorization of countries based on the risk assessment, as announced by the Ministry of Health, the following shall apply for the purpose of entry into the Republic:

(a) Passengers on board recreational craft:

(i) From countries of the "Green", "Orange" and "Red" categories, the persons on board shall present a negative laboratory test (PCR) for COVID-19 with the sampling having been carried out within 72 hours prior to the departure of the vessel and such persons shall be subjected to a laboratory test (PCR) for COVID-19 at the docking area, the cost of which shall be borne by them and they shall remain in self-confinement until the result of the test is issued on board and, in addition, with the exception of those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, they shall undergo a rapid antigen detection test for COVID-19 72 hours after their arrival, in accordance with the guidelines of the Ministry of Health. In the event that the persons on board do not provide a negative certificate of laboratory testing (PCR) for COVID-19, they shall be subjected to that test upon arrival and all such persons shall remain on board the vessel in self-confinement and undergo a further laboratory test (PCR) after 48 hours,

(ii) from countries of the "Grey" category and who, during the previous 14 days from their arrival, have not docked in any port or have docked only in ports of countries belonging to the "Green", "Orange" and "Red" categories, the persons on board shall, before their arrival in the Republic, obtain approval from the Committee appointed by the Decision of the Council of Ministers, dated 17 June 2020, with the exception of persons falling within the provisions of Regulation 53(a)(i) to (iv), who are required to provide a negative laboratory test (PCR) for COVID-19 with sampling having been carried out within 72 hours prior to departure of the vessel and such persons shall be subject to a laboratory test (PCR) for COVID-19 upon arrival at the berth, the cost of which shall be borne by them and they shall remain on board the vessel in self-confinement until the result is issued and, in addition, with the exception of those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a single-dose vaccine or a third dose of a two-dose vaccine, they shall undergo a rapid antigen detection test for COVID-19 72 hours after their arrival, in accordance with the guidelines of the Ministry of Health. In the event that the persons on board do not provide a negative certificate of a laboratory test (PCR) for COVID-19, they shall be subjected to that test upon arrival and all such persons shall remain on board the vessel in self-confinement and undergo a further laboratory test (PCR) after 48 hours:

Provided that, for recreational craft arriving from countries of the "Grey" category and for which the period between departure from a country of the "Grey" category and arrival in the Republic is less than 14 days, the passengers shall remain on board the vessel in compulsory self-confinement for as many days as necessary, either undergo a laboratory test (PCR) for COVID-19 on the seventh day of self-confinement at their own expense and the self-confinement shall be terminated, provided that the result of the test is negative;

(iii) persons refusing to undergo, upon arrival to the Republic, a laboratory PCR test for COVID-19, beyond the criminal liability emanating from such refusal, shall be transported and obliged to remain quarantined in areas determined by the Republic for a period of 14 days, unless they undergo a laboratory PCR test before the termination of the said period:

Provided that the cost of their residence in the areas of mandatory quarantine as well as of the laboratory PCR test, shall be borne by themselves,

(iv) for persons who are diagnosed positive for COVID-19 disease, the medical protocol of the Ministry of Health shall be followed,

(b) subject to the guidelines of the Ministry of Transport, Communications and Works, passengers of cruise ships entering the Republic for a short visit not exceeding 24 hours:

(i) shall present a negative laboratory test (PCR) for COVID-19, with sampling having been carried out within 72 hours prior to disembarkation from the ship, the cost of which shall not be borne by the Republic,

(ii) shall undergo a rapid antigen detection test for COVID-19 upon arrival in the Republic, the cost of which shall be borne by the State and for persons diagnosed positive for COVID-19, the medical protocol of the Ministry of Health shall be followed; and

(iii) those whose cruise ends in the Republic and who depart directly from the Republic, shall not be required to present a negative rapid antigen detection test upon disembarkation from the ship,

(c) subject to the guidelines of the Ministry of Transport, Communications and Works, passengers on cruise ships for cruises departing from or terminating in the ports of the Republic who remain in the Republic for more than 24 hours upon arrival in the Republic, where the cruise destinations are only countries belonging to the "Green", "Orange" and "Red" categories, shall:

(i) provide a negative laboratory test (PCR) for COVID-19 disease with sampling having been carried out within 72 hours prior to disembarkation from the ship, the cost of which shall not be borne by the Republic,

(ii) undergo a laboratory test (PCR) for COVID-19 on board the vessel at the time of disembarkation from the vessel within the port area, the cost of which shall not be borne by the Republic; and

(iii) undergo a rapid antigen detection test for COVID-19 within 72 hours of arrival, in accordance with the guidelines of the Ministry of Health. Those who have been proven to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, are exempt from the requirement to submit to a rapid antigen detection test,

(d) operators and persons operating in the ports of the Republic, including carriers, passengers and personnel entering and moving within the ports of the Republic, shall comply with the Health Protocol of the ports of the Republic, as well as the guidelines of the Ministry of Transport, Communications and Works and the Ministry of Health and Regulation 82,

(e) shipping companies, shipping agents and ship crews shall comply with the Sanitary Protocol of the Ports of the Republic and the guidelines issued by the Ministry of Transport, Communications and Works and the Ministry of Health, as amended from time to time, regarding the procedures to be applied in the ports of the Republic for the purpose of limiting the spread of COVID-19 and Regulation 82,

(f) the operators of lawful points of entry by sea shall ensure that the provisions of these Regulations and Regulation 82 are complied with.

57. Entry into the Republic of persons from countries of the "Grey" category, as notified by the Ministry of Health, who secure prior permission to work in the Republic and/or prior permission for any other purpose to enter the Republic from the relevant Ministries and Departments and upon approval by the Committee appointed by the Decision of the Council of Ministers dated 17 June 2020, where such approval is required

under the provisions of Regulation 53(a)(i) to (iv), shall be permitted, subject to the following:

(a) The granting of the special entry permit shall be given on the basis of the order of submission of the relevant application, which shall be entered in an electronic register maintained by the Ministry of Interior,

(b) such persons shall produce a negative certificate of laboratory testing (PCR) for COVID-19 from a certified laboratory with a negative indication with the sampling having been carried out within 72 hours prior to their departure for the Republic and shall undergo laboratory testing (PCR) upon arrival in the Republic,

(c) employers shall advance the cost of accommodation of the above persons for their compulsory confinement in hotels and/or tourist accommodation contracted by the Deputy Ministry of Tourism and the cost of carrying out two laboratory tests (PCR) for COVID-19 (one test on arrival and a repeat test on the seventh day of compulsory confinement) and the compulsory confinement shall be terminated provided that the result of the laboratory test (PCR) is negative:

Provided that, the total consequential costs which employers shall advance shall be determined by the Council of Ministers,

(d) Employees who fall under the provisions of this Regulation shall personally cover the cost of their transport to the said tourist accommodation,

(e) persons who fall within the provisions of this Regulation shall be exempted from the mandatory confinement requirement and shall additionally undergo a rapid antigen detection test for COVID-19 upon completion of 72 hours from their arrival, in compliance with the guidelines of the Ministry of Health, if they possess:

(i) a certificate of a completed vaccination scheme from the competent authorities of the Member States of the European Union, the European Economic Area and Switzerland and the countries specified in press releases of the Ministry of Health and/or posted on <https://cyprusflightpass.gov.cy/> with a vaccine authorised by the European Medicines Agency or with the Sputnik V, Sinopharm, and Sinovac, AstraZeneca – Covishield, AstraZeneca – SKBio, Covaxin, Sputnik light (only as booster shot in a basic vaccination scheme) and Novavax Nuvaxovid COVID-19 vaccine, provided that the number of days specified by the Ministry of Health between the administration of the last dose and the date of travel has elapsed after the required doses have been completed:

Provided that the certificates of a completed vaccination scheme from the competent authorities of the Member States of the European Union, the European Economic Area and Switzerland and the countries specified in press releases of the Ministry of Health and/or posted on the platform <https://cyprusflightpass.gov.cy/> are accepted only in digital form (European Digital Certificate COVID), or

(ii) a certificate of recovery from COVID-19 in the form of the European Digital COVID Certificate from the competent authorities of the Member States of the European Union, the States of the European Economic Area and Switzerland and the countries specified in press releases of the Ministry of Health and/or posted on the <https://cyprusflightpass.gov.cy/> platform, with a validity of 180 days from the date of sampling of the positive diagnosis.

58. For the purposes of entry into the Republic, persons who are entitled to enter the Republic in accordance with the Vienna Convention:

-
- (a) shall undergo a laboratory test (PCR) for COVID-19 with a negative result, valid 48 hours before departure,
- (b) shall undergo a laboratory test (PCR) for COVID-19, the cost of which is borne by them upon their arrival in the Republic, except in urgent and exceptional cases for which approval is given by the Minister of Health, and shall remain in self-confinement until the result of the test is issued, and
- (c) shall undergo a rapid antigen detection test for COVID-19 upon completion of 72 hours from their arrival, subject to the guidelines of the Ministry of Health. Those who have been shown to have received a booster dose of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-dose vaccine, shall be exempted from the requirement to undergo a rapid antigen detection test.

59. (a) All persons regardless of their country of departure travelling by plane to the Republic, should fill in electronically and within 48 hours before the commencement of their trip all information, details and declarations requested, according to the procedures provided for on www.cyprusflightpass.gov.cy and hold the CyprusFlightPass prior to boarding and upon their arrival in the Republic.

(b) Notwithstanding the provisions of paragraph (a), in case of a technical problem or maintenance of the website www.cyprusflightpass.gov.cy, which is officially announced by the Civil Aviation Department, the passenger may fill in the form in writing.

(c) Passengers arriving in the Republic without the CyprusFlightPass filled in electronically or in handwriting only in case of the reasons referred to in paragraph (b), are committing an offence and in such case the Out-of-court Settlement of Offences Laws of 1997 (No. 6) of 2020 shall apply providing for the payment of a fine of €300.00, unless they do not enter the Republic and return to the initial country of departure.

(d) Passengers arriving in the Republic without the CyprusFlightPass, shall be subject to a fine of €300.00 and must undergo a laboratory Covid-19 test at the respective airport of the Republic at their own expenses and be self-isolated until they receive the result.

(e) Notwithstanding the provisions of paragraphs (a) to (d) hereof, the coordinators of delegation of sports teams traveling with charter flight for events within the context of European and international championships, are obliged to present a list with all the names of the delegation stating the date and the result of the laboratory Covid-19 test.

(f) Referees and Assistant Referees (linesmen) participating in European and/or international championships, travelling from and to the Republic, under the guidelines of the Ministry of Health.

60. (a) Asylum seekers who enter and/or are placed and/or are obliged to stay for the first time in reception, hospitality and/or detention centres for asylum seekers, should undergo a laboratory Covid-19 test before entering these centres; and

(b) asylum seekers staying in the hospitality and/or detention centre shall undergo and/or repeat the laboratory COVID-19 tests whenever the head of the asylum centre may think appropriate.

61. (a) All new inmates shall undergo a laboratory Covid-19 test before being admitted to any detention centre and/or prison, with the exception of new inmates holding either a valid certificate of a completed vaccination scheme against Covid-19 or a valid certificate of recovery from Covid-19, and

(b) inmates shall undergo and/or repeat COVID-19 tests whenever the Director of the Prison Department and/or the Head of Detention Centres and/or the Chief of Police and/or any other person in charge of the detention centres, may think appropriate.

62. (a) Entities and persons operating at the airports of the Republic, including passengers and staff entering and moving inside the airports of the Republic, shall observe the Health Protocol of the airports of the Republic, as well as the guidelines and measures issued by the Minister of Transport, Communications and Works and the Minister of Health, as amended from time to time, to reduce the spread of COVID-19 in the Republic. The Operator of the Airports of the Republic is responsible to ensure their uniform implementation by all those working and moving within the airports of the Republic;

(b) airlines shall observe the Health Protocol of the airports of the Republic, as well as the guidelines and measures issued by the Minister of Transport, Communications and Works and the Minister of Health, as amended from time to time, regarding the procedures applied by the airports of the Republic for reducing the spread of COVID-19; and

(c) airlines are prevented from allowing passengers traveling to the Republic who do not have the CyprusFlightPass to board the aircraft, unless there are reasons stated in Regulation 59(b).

63. Persons declared as close contacts of Covid-19 cases and/or persons placed in compulsory confinement and self-isolation, shall abide with the guidelines and health protocols of the Ministry of Health.

64. (a) The entry of any person into places of compulsory confinement is prohibited without authorisation by the Minister of Health or an authorised officer of the Ministry of Health; and

(b) it is forbidden for everyone to approach within a distance of less than two meters any person who is a confirmed case of COVID-19 or in compulsory confinement or in self-isolation, without the authorisation by the Minister of Health or an authorised officer of the Ministry of Health.

65. (1) Subject to the legislation of the Republic in force from time to time providing otherwise, the persons who are in places of compulsory confinement designated by the Republic or/and in self-isolation, may ask for repeat prescription of medicines for chronic diseases through a phone interview with any physician provided that:

(a) they take pharmaceutical products for chronic diseases not related to the development of COVID-19 symptoms;

(b) the stock of pharmaceutical products in their possession has run low or is not sufficient for their treatment for the time they will spend in areas of compulsory confinement and/or in self-isolation;

(c) for any reason whatsoever, they are unable to call their personal physician or a specialty doctor to repeat prescription or/and they are not registered with a personal physician who has entered into a contract with the Health Insurance Organisation or/and they are not beneficiaries of the General Health System:

(2) The physicians contacted by the said persons are obliged:

(a) to take the most complete, under the circumstances, medical history of the person contacting them;

(b) to prescribe the necessary pharmaceutical products, the relevant instructions for their administration and the necessary posology of the medicine(s) for the whole period of time during which the patient shall remain in places of compulsory confinement or in self-isolation, provided that they consider that the history taken is sufficient and satisfactory;

- (c) in case they have entered into contract with the Health Insurance Organisation and the persons who are in a place of compulsory confinement or in self-isolation are beneficiaries of the General Health System, to enter the prescription to the relevant software so the pharmacy can retrieve it and give the pharmaceutical products to a person acting on behalf of the person who is in a place of compulsory confinement or in self-isolation;
- (d) in case they have not entered into contract with the Health Insurance Organisation or the persons who are in a place of compulsory confinement or in self-isolation are not beneficiaries of the General Health System, to issue a handwritten prescription and make the necessary arrangements so the prescription can be received by the person acting on behalf of the person who is in quarantine in order to be processed by a pharmacy;
- (e) to inform the physician who has issued the initial prescription within a reasonable period of time.

Provided further that the pharmaceutical products prescribed could contain pharmaceutical products containing controlled drugs under the Narcotic Drugs and Psychotropic Substances Law or which are included in the Second, Third or Fourth Schedule of the Narcotic Drugs and Psychotropic Substances Regulations provided that the provisions of Regulation 11 of the said Regulations are observed.

66. (a) All physicians registered in the Medical Register at the moment of entry into force of this Decree, shall observe the instructions of the Ministry of Health and execute the duties assigned to them;

(b) All nurses registered in the Medical Register at the moment of entry into force of this Decree, shall observe the instructions of the Ministry of Health and execute the duties assigned to them;

(c) The names of physicians and nurses receiving instructions shall be announced on a board on the website of the Ministry of Health, www.moh.gov.cy or/and update in another way decided by the Ministry of Health;

(d) The persons who shall receive instructions shall appear at a time specified on the board or/and during their briefing, which time should not be less than 24 hours as of the time of announcement on the board or/and of the briefing and at a place determined in each case in order to perform the duties assigned to them.

67. The Minister of Health may use the services of graduate students who have attended the 4 or 6-year courses of study of the Cypriot Medical Schools, as well as the services of graduate students of Nursing Schools if and where deemed necessary.

68. The Ministry of Health may designate public or private areas where there is an increased gathering of people to perform COVID-19 sample tests.

* The maximum wholesale prices are for producers, importers and dealers and do not apply to intermediates – resellers.

70. Officers from the Consumer Protection Services of the Ministry of energy, Commerce and Industry shall be authorised to check the prices to ensure the implementation of the provisions of decrees issued by Ministry of Health, with regard to the fixing of maximum prices for specific products.

71. Civil servants who are absent from work for self-isolation purposes shall be granted a Special Leave for Public Health Reasons, provided that the affected persons had produced the said certificate issued by the Ministry of Health, in the following cases and on the following conditions:

- (a) where the officer is placed in compulsory confinement, due to close contact with a confirmed case in the context of his/her duties provided that he/she shall produce a Medical Certificate of Absence from Work for Public Health Reasons;
- (b) where the officer is placed in compulsory confinement after returning from a work trip, according to the provisions of Regulations 51 to 53, provided that they present a Medical Certificate of Absence from the Workplace for Public Health reasons from the Ministry of Health;
- (c) upon decision for compulsory absence from work due to a confirmed case among the staff of the service which should remain closed for a certain period of time;
- (d) for the purposes of taking care of children under the age of 15 where:
 - (i) the child is positive to COVID-19 or a contact of a case and is placed in compulsory confinement;
 - (ii) due to a confirmed case at school which should remain closed for a certain period of time;
- (e) The Special Leave for Public Health Reasons is granted in the cases of paragraph (a) to (d) only, if the nature of the work does not allow teleworking and upon approval by the Head of the Ministry/Service/Organisation of Public Law/Local Authority:

Provided also that if the civil servants do not wish to perform their duties through teleworking they should apply for a special leave on grounds of public health, for the period of which the said beneficiaries shall be indemnified with 60% of their earnings by their employer

Provided further that in case the officer is requested to be absent from his work in order to be self-isolated for any reason other than those provided for in paragraphs (a) to (e), the days of absence from his work shall be considered as days of sick leave if and where the nature of work does not allow teleworking.

72. Resident doctors and doctors in training who are absent from their duties:

(a) for being infected with Covid-19 while performing their duties, shall be granted a Special Leave for Public Health Reasons,

(b) for being infected with Covid-19 or placed in compulsory confinement outside the context of their duties, may use their normal sick leave and have the possibility to use their entire sick leave of the year (and for the semester, in case of doctors in training) and not only of the time worked, provided that this will become a leave accrual by the end of 2022:

Provided that in case their training is terminated within the context of their residency, they shall be obliged to reimburse to the State the amount corresponding to the accrual basis the leave they were entitled to at that specific moment.

24.6.2005
6.11.2009
13.10.2017.

73. Employees in the public and wider public sector who, due to the nature of their duties, either were unable to take the annual rest leave they had in good standing or had it revoked by their department due to the exceptional circumstances of the COVID-19 pandemic and in the years 2020 and 2021, had accrued and carried over to the following year up to 20 days of rest leave, regardless of the total number of days of rest leave they may have accrued, these additional days of rest leave must be taken by 31st December 2022.

74. The owner and/or the director and/or the manager of nursing homes, care for the elderly units, chronic patients' units, homes and hostels for vulnerable groups, transitional hospitality hostels for the homeless, day centres and child protection units, are obliged to comply with the guidelines of the Ministry of Health as to the performance of COVID-19 laboratory PCR tests and/or rapid tests for the staff and those residing in the settings referred to in this Regulation.

75. The maximum price for a COVID-19 PCR laboratory test is fixed at €50.00 (excluding VAT), per examination, save for the existing contracts that have been entered into by the State.

76. The maximum price for a COVID-19 rapid antigen test is fixed at €10.00 (excluding VAT), per test.

77. Taking into consideration the economic impacts of the COVID-19 pandemic and the imperative urgency to take measures such as the suspension of business activities and with the aim to mitigate these economic impacts:

(a) Undertakings or/and self-employed persons under a full suspension of their business activities, by virtue of this Decree or by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, including undertakings or/and self-employed persons under a full suspension of their business by virtue of this Decree irrespective of whether they are able to provide delivery or/and take away services, or undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, shall not pay the rent to the State, including the Turkish Cypriot Properties Management Service and the Organisations of Public Law, as provided for by the lease agreements in force, corresponding to the months of January and February of 2021, or/and February and March of 2021 in case the rent of the month of January 2021 has already been paid;

(b) The obligation to pay 70% of the rent corresponding to the months of January and February 2021, or/and February and March 2021 in cases where the rent for the month of January 2021 has already been paid, is temporarily suspended,

which is paid to owners of immovable property for business lease purposes by businesses or/and self-employed under a full suspension of their business activities, by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, including undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, or undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, provided that the said amount should be paid monthly by equal amounts.

78. All undertakings shall operate under the safety and health guidelines of the Ministry of Health and/or the competent Ministries/Authorities.

79. (a) Residents of hotels or/and tourist accommodation units, who are diagnosed positive to COVID-19 shall be transferred to a compulsory confinement area designated by the Ministry of Health or alternatively, if they wish so, they may stay in compulsory self-confinement in private premises, of non-common use, at their own expenses and provided that where there are other persons in these premises, they shall not use common areas; and

(b) residents of hotels or/and tourist accommodation units, who, according to the health protocol of the Ministry of Health, are a close contact of a person infected with COVID-19, shall be transferred to hotels and/or tourist accommodation units which have entered into contract with the Deputy Ministry of Tourism, especially for the accommodation of close contacts or alternatively, if they wish so, they may stay in compulsory self-confinement in private premises, of non-common use, at their own expenses and provided that where there are other persons.

80. (a) All employees working at the private, public, wider public sector and at the local authorities may be absent from their work for the whole day of their vaccination without this day being taken away from the rest leave and the earnings of the employee and provided that the certificate of vaccination is produced:

Provided that if the vaccine requires two doses this Regulation shall also apply to both days of vaccination.

Provided also that the present paragraph shall also apply to the day of vaccination with the third booster dose, in the case of two-dose vaccines, and the day of vaccination with the second booster dose, in the case of a single-dose vaccines.

Provided further that this Regulation shall be valid for parents/legal guardians of a child under the age of 18 where the parent/legal guardian accompanies his child to be vaccinated provided that he/she produces his/her child's certificate of vaccination.

(b) all students aged 6-17 years may be absent from school for the entire day of their vaccination with a vaccine against COVID-19, with excused absence, without the days being deducted from the pre-determined number of excused absences and provided that the certificate of vaccination is produced:

Provided that if the vaccine requires two doses, this Regulation shall also apply to both days of vaccination.

81. (a) All employees, including self-employed persons, must hold either a certificate of a completed vaccination scheme against Covid-19 or a certificate of recovery from

Covid-19 and provided that a period of six months has not elapsed since the date of the initial positive diagnosis, or a negative laboratory PCR test performed within 72 hours, or a negative rapid test performed within 48 hours,

(b) all employees, including self-employed workers, who hold either a valid certificate of completed vaccination, excluding those who have received a booster dose, or a valid certificate of recovery from COVID-19, must, for the purposes of their employment, hold a negative laboratory test (PCR) or rapid antigen detection test for COVID-19 with the sampling having been carried out within 7 days,

(c) in workplaces where the Ministry of Health identifies a chain of transmission of positive cases of COVID-19, all employees without exception shall undergo a PCR or rapid antigen detection test for COVID-19 in accordance with the Ministry of Health's guidelines:

Provided that the employers should ensure the compliance of their employees with the provisions of this Regulation.

Provided further that, for those working in nursing homes and other closed care and accommodation facilities for the elderly and vulnerable groups, day care facilities for vulnerable groups, transitional shelters for the homeless, day centres and child protection facilities, the provisions of Regulation 11 shall be complied with.

82. Without prejudice to Regulations 9, 26, 31, 32, 36 and 37, In all indoor and outdoor areas and/or organizations and/or enterprises and/or premises where, subject to the distancing measures, more than 10 people may gather at any time, including the employees, it is required that:

(a) persons aged 6 to 11 shall hold either a negative Covid-19 laboratory PCR or antigen rapid detection, with sampling having been carried out within 7 days, or a valid certificate of recovery from Covid-19 or a certificate of a completed vaccination for COVID-19,

(b) persons aged 12 to 17 shall hold either a negative Covid-19 laboratory or antigen rapid test performed within 72 hours, or a certificate of a completed vaccination scheme for Covid-19 or a valid certificate of recovery from Covid-19,

(c) persons aged 18 and above shall hold either a valid certificate of a completed vaccination scheme for Covid-19 or a valid certificate of recovery from Covid-19, or a negative Covid-19 laboratory PCR test performed within 72 hours, or a negative Covid-19 antigen rapid test performed within 48 hours, and

(d) persons who cannot be vaccinated due to a medical reason, shall hold a medical certificate issued by the Ministry of Health and a negative laboratory PCR test or a rapid antigen test for Covid-19, performed within the last 7 days:

Provided that persons aged 6 years and below are not obliged to hold a negative laboratory PCR test or a rapid antigen test for Covid-19:

Provided also that the venues and/or organizations and/or enterprises and/or premises should display in a prominent place outside the venue and/or organization and/or enterprise and/or premises that the relevant proof is required:

Provided further that this Regulation shall not apply to parks, linear parks, beaches, squares, dams, excursion sites and nature trails.

83. All persons entering or/and moving inside areas for which it is required a negative Covid-19 laboratory PCR or antigen rapid detection test, or a certificate of a completed

vaccination scheme against Covid-19 or a certificate of recovery from Covid-19 or a medical certificate issued by the Ministry of Health, must carry with them their identity card or passport or in case of persons under 12 years old (who do not have an identity card or passport) a birth certificate as additional evidence, and present it to the competent authorities or/and the owners or/and managers or/and the persons in charge of the organization and/or enterprise and/or premises and/or the persons authorised by them, by virtue of Regulation 48.

84. The venues and/or organizations and/or enterprises and/or premises that choose to allow access only to persons holding a certificate of vaccination against Covid-19 or a certificate of recovery from Covid-19 valid for six months are obliged to:

(a) inform in writing the Ministry of Health, at least seven days before the implementation of their decision, at the email address: healthservices@mphs.moh.gov.cy;

(b) mark in a prominent place of their business/premises the entry conditions and inform their clients about their decision.

85. (a) In the venues/premises where access under this Decree is subject to the presentation of a valid certificate of completed vaccination, it means a certificate of vaccination with the vaccines accepted by the Republic for COVID-19, i.e. vaccines approved by the European Medicines Agency, as well as Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield, AstraZeneca – SKBio, Covaxin, Sputnik light (only as a booster shot in a basic vaccination scheme) and Novavax Nuvaxovid COVID-19 vaccine, and the validity period of the certificate for persons aged 18 years and over is 7 months from the date of the second dose of the vaccine, if it is a two-dose vaccine or a single dose of the vaccine, if it is a single-dose vaccine. The validity of the certificate shall be renewed if a booster dose of the vaccine is received,

(b) The period of validity of the certificate of recovery from Covid-19 shall be 180 days from the date of sampling of the initial positive diagnosis.

86. When checks are being carried out at premises to which access, under this Decree, requires the presentation of either a negative Covid-19 laboratory test or a rapid antigen test, or a certificate of a completed vaccination scheme, or a certificate of recovery from Covid-19, these documents and/or certificates shall be checked via the scanning of the QR code of the European Digital Covid Certificate and the check is carried out via the digital application 'CovScanCyprus'.

Provided that persons aged 65 years and above, underage persons up to 13 years old, Turkish Cypriots who have been vaccinated in areas of the Republic of Cyprus over which the Government doesn't exercise effective control, as well as persons who have been vaccinated in States outside the European Union, the European Economic Area and Switzerland, may present these documents and/or certificates in their print form rather than the European Digital Covid Certificate form.
