

Vaccination Portal opens for people aged 29 and 30

The implementation of the National Vaccination Plan against COVID-19 is being intensified, with priority for appointments being given tomorrow to the age group of 20-29, with the aim to vaccinate 65% of the population with at least the 1st dose of the vaccine by the end of June.

Specifically, tomorrow, May 10th, from 7:30 in the morning until 8:00 in the evening, appointments will be made available through the Vaccination Portal for persons aged 29 and 30. Vaccinations will be carried out with the available vaccines in all Districts.
