Number 515

THE QUARANTINE LAW, CAP. 260

Decree by virtue of article 6(a), (b), (c), (d), (e) and (g)

Cap. 260.
ANAK. 307
32(I) of 2003
31(I) of 2020
72(I) of 2020.

The Minister of Health, in exercising the powers conferred upon him by article 6(a), (b), (c), (d), (e) and (g) of the Quarantine Law, Cap. 260 and by the Decision of the Council of Ministers dated 02 September 2021, hereby issues the following Decree:

Whereas protecting the public health and the health care system is the responsibility of the Republic and for imperative urgency arising from the epidemiological data with the aim of preventing the spread of COVID-19, protecting public health and preventing a possible collapse of the health system due to the spread of the virus, taking into consideration the requirements in human resources and logistical infrastructures necessary to cope with the rapid spread of the virus and whereas the taking of requisite measures has become imperative; and

Government
Gazette, Annex
III (I):
23.3.2020.

Whereas by Notice published in the Government Gazette of the Republic, upon authorization by the Council of Ministers, the Minister of Health has declared the local districts of Nicosia, Limassol, Larnaca, Famagusta and Paphos as being infected with Covid-19, pursuant to article 4 of the Quarantine Law, Cap. 260; and

Whereas, taking into consideration that by 11 December 2021, 85.5% of the population received the first dose of the vaccine and 81.7% completed the vaccination scheme, but at the same time from 4 December until 10 December 2021, 3,478 cases have been recorded with the average rate of persons hospitalized daily fluctuating between 115 and 139 patients per day, and given that during the above period 10 deaths of patients have been recorded with the COVID-19 disease being the ultimate cause of death, as well as that within three weeks the number of positive COVID-19 cases amongst primary pupils remained high, with approximately 420 new cases during the week 4 December 2021 until 10 December 2021, and because the 'omicron' variant has already been traced in the Republic and because there are indications as to this variant's increased transmissibility and until the full evaluation of the variant's epidemiological data on an international level, the following Regulations shall apply for the Districts of Nicosia, Limassol, Larnaca, Famagusta and Paphos:

Short title.

1. This Decree shall be cited as the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No. 45) of 2021.

 - (iii) Those whose cruise ends in the Republic and they depart immediately from the Republic, shall not be obliged to produce a negative Covid-19 antigen rapid test upon their disembarkment.
- (c) subject to the guidelines of the Ministry of Transport, Communications and Works, passengers coming to the Republic for a visit exceeding 24 hours and whose cruise begins from or ends in the ports of the Republic:
- (i) where the destinations of the cruise were only countries of the 'Green' category, shall undergo a laboratory PCR test for Covid-19, the cost of which shall be borne by them; and if they remain in the Republic for more than 72 hours, they shall undergo a rapid antigen test for Covid-19 upon the completion of 72 hours since their arrival, subject to the guidelines of the Ministry of Health. Those who are proven to have received a booster shot of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-doses vaccine, are exempt from the obligation of undergoing a rapid antigen test,
 - (ii) where the destinations of the cruise include only countries of the 'Orange' category, during their disembarkment, passengers shall undergo a laboratory PCR test at the port, the cost of which shall be borne by them, and shall remain in self-compulsory confinement until they receive the result; and if they remain in the Republic for more than 72 hours, they shall undergo a rapid antigen test for Covid-19 upon the completion of 72 hours since their arrival, subject to the guidelines of the Ministry of Health. Those who are proven to have received a booster shot of the vaccine, i.e. a second dose of a one-dose vaccine or a third dose of a two-doses vaccine, are exempt from the obligation of undergoing a rapid antigen test,
 - (iii) where the destinations of the cruise include only countries of the 'Red' category, upon their disembarkment, passengers shall undergo a laboratory PCR test at the port and shall remain in compulsory self-confinement for 72 hours since their arrival in hotels or/and tourist accommodation units which have entered into contract with the State, and additionally, they shall undergo another laboratory PCR test, the cost of which shall be borne by them, upon expiry of the 72 hours,

- (d) persons falling within the provisions of this Regulation shall be exempt from the obligation to self-isolate if they hold:
 - (i) a certificate of complete vaccination scheme issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, either with a vaccine approved by the European Medicines Agency or with Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield and AstraZeneca - SKBio and provided that, following administration of all required doses the number of days predetermined by the Ministry of Health has elapsed between the administration of the last dose and the date of the trip; or
 - (ii) a certificate of recovery from Covid-19 in the form of the EU Digital COVID Certificate issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, valid for 180 days since the date of sampling of the positive diagnosis,
- (e) entities and persons operating at the ports of the Republic, including transporters, passengers and personnel entering and moving inside the ports of the Republic shall observe the Health Protocol of the ports of the Republic, the guidelines of the Ministry of Transports, Communications and Works and those of the Ministry of Health, as well as Regulation 82;
- (f) shipping companies, shipowner's agents and crew members shall observe the Health Protocol of the ports of the Republic, the guidelines issued by the Ministry of Transports, Communications and Works and the Ministry of Health, as amended from time to time, on the procedures to follow at the ports of the Republic to reduce the spread of Covid-19, as well as Regulation 82; and
- (g) the operators of the sea points of entry shall ensure that the provisions of this Regulation and Regulation 82 are observed.

57. The entry into the Republic is permitted to persons from countries falling into the 'Grey' category, as announced by the Ministry of Health, who have obtained in advance a work permit in the Republic, or have obtained in advance an entry permit to the Republic for any other purpose from the competent Ministries and Departments and upon approval by the Commission appointed by the Council of Ministers in its session of 17 June 2020, whereby the aforementioned permit is mandatory based on the provisions of Regulation 53(a)(vi), on the following terms:

- (a) the special entry permit is granted based on the order in which applications are submitted, which is recorded in an electronic register kept by the Ministry of Interior;
- (b) these persons shall present a negative laboratory PCR test for Covid-19 from a certified laboratory, performed 72 hours before departure, and shall undergo a laboratory PCR test upon their arrival to the Republic;
- (c) employers pay in advance the cost of accommodation for the above persons for their compulsory confinement in hotels and/or tourist accommodation units with

which the Deputy Ministry of Tourism has entered into contract, as well as the cost of two laboratory Covid-19 tests (one test upon arrival and a repeat test on the 7th day of the compulsory confinement) and the compulsory confinement shall terminate provided that the result of the molecular test is negative:

Provided that the overall incurred cost prepaid by the employers is determined by the Council of Ministers; and

- (d) employees falling within the provisions of this Regulation shall pay their own cost of transport to the said tourist accommodation units;
- (e) persons falling within the provisions of this Regulation shall be exempt from the obligation to self-isolate, and additionally, they must undergo a rapid antigen test for Covid-19 upon the completion of 72 hours since their arrival, subject to the guidelines of the Ministry of Health, if they hold:
 - (i) a certificate of complete vaccination scheme issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, either with a vaccine approved by the European Medicines Agency or with Sputnik V, Sinopharm, Sinovac, AstraZeneca – Covishield and AstraZeneca - SKBio and provided that, following administration of all required doses the number of days predetermined by the Ministry of Health has elapsed between the administration of the last dose and the date of the trip:

Provided that the certificates of complete vaccination issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform shall only be accepted in electronic format (EU Digital COVID Certificate), or

- (ii) a certificate of recovery from Covid-19 in the form of the EU Digital COVID Certificate issued by the competent authorities of the EU Member States, the Member States of the European Economic Area and Switzerland and the countries determined by press releases of the Ministry of Health and/or posted on the www.flightpass.gov.cy platform, valid for 180 days since the date of sampling of the positive diagnosis.

58. Persons who are entitled to enter the Republic according to the Vienna Convention:

- (a) shall undergo a laboratory PCR test for Covid-19, with a negative result, within 72 hours prior to their departure, and
- (b) shall undergo a laboratory PCR test for Covid-19, the cost of which shall be borne by them, upon their arrival to the Republic, except in urgent and extraordinary circumstances, for which the Minister of Health shall give a permit, and
- (c) shall undergo a rapid antigen test for Covid-19 upon the completion of 72 hours since their arrival, subject to the guidelines of the Ministry of Health. Those who are proven to have received a booster shot of the vaccine, i.e. the second dose of a one-dose vaccine or the third dose of a two-shot vaccine, are exempt from the obligation to undergo a rapid antigen test.

59. (a) All persons regardless of their country of departure travelling by plane to the Republic, should fill in electronically and within 48 hours before the commencement of

their trip all information, details and declarations requested, according to the procedures provided for on www.cyprusflightpass.gov.cy and hold the CyprusFlightPass prior to boarding and upon their arrival in the Republic.

(b) Notwithstanding the provisions of paragraph (a), in case of a technical problem or maintenance of the website www.cyprusflightpass.gov.cy, which is officially announced by the Civil Aviation Department, the passenger may fill in the form in writing.

(c) Passengers arriving in the Republic without the CyprusFlightPass filled in electronically or in handwriting only in case of the reasons referred to in paragraph (b), are committing an offence and in such case the Out-of-court Settlement of Offences Laws of 1997 (No. 6) of 2020 shall apply providing for the payment of a fine of €300.00, unless they do not enter the Republic and return to the initial country of departure.

(d) Passengers arriving in the Republic without the CyprusFlightPass, shall be subject to a fine of €300.00 and must undergo a laboratory Covid-19 test at the respective airport of the Republic at their own expenses and be self-isolated until they receive the result.

(e) Notwithstanding the provisions of paragraphs (a) to (d) hereof, the coordinators of delegation of sports teams traveling with charter flight for events within the context of European and international championships, are obliged to present a list with all the names of the delegation stating the date and the result of the laboratory Covid-19 test.

(f) Referees and Assistant Referees (linesmen) participating in European and/or international championships, travelling from and to the Republic, under the guidelines of the Ministry of Health.

60. (a) Asylum seekers who enter and/or are placed and/or are obliged to stay for the first time in reception, hospitality and/or detention centres for asylum seekers, should undergo a laboratory Covid-19 test before entering these centres; and

(b) asylum seekers staying in the hospitality and/or detention centre shall undergo and/or repeat the laboratory COVID-19 tests whenever the head of the asylum centre may think appropriate.

61. (a) All new inmates shall undergo laboratory Covid-19 test before being admitted to any detention centre and/or prison, with the exception of new inmates holding either a certificate of a completed vaccination scheme against Covid-19 or a certificate of recovery from Covid-19, and

(b) inmates shall undergo and/or repeat the laboratory COVID-19 tests whenever the Director of the Prison Department and/or the Head of Detention Centres and/or the Chief of Police and/or any other person in charge of the detention centres may think appropriate.

62. (a) Entities and persons operating at the airports of the Republic, including passengers and staff entering and moving inside the airports of the Republic, shall observe the Health Protocol of the airports of the Republic, as well as the guidelines and measures issued by the Minister of Transports, Communications and Works and the Minister of Health, as amended from time to time, to reduce the spread of COVID-19 in the Republic. The Operator of the Airports of the Republic is responsible to ensure their uniform implementation by all those working and moving within the airports of the Republic;

(b) airlines shall observe the Health Protocol of the airports of the Republic, as well as the guidelines and measures issued by the Minister of Transport, Communications and Works and the Minister of Health, as amended from time to time, regarding the procedures applied by the airports of the Republic for reducing the spread of COVID-19; and

(c) airlines are prevented from allowing passengers traveling to the Republic who do not have the CyprusFlightPass to board the aircraft, unless there are reasons stated in Regulation 59(b).

63. Persons declared as close contacts of Covid-19 cases and/or persons placed in compulsory confinement and self-isolation, shall abide with the guidelines of the Ministry of Health.

64. (a) The entry of any person into places of compulsory confinement is prohibited without authorisation by the Minister of Health or an authorised officer of the Ministry of Health; and

(b) it is forbidden for everyone to approach within a distance of less than two meters any person who is a confirmed case of COVID-19 or in compulsory confinement or in self-isolation, without the authorisation by the Minister of Health or an authorised officer of the Ministry of Health.

65. (1) Subject to the legislation of the Republic in force from time to time providing otherwise, the persons who are in places of compulsory confinement designated by the Republic or/and in self-isolation, may ask for repeat prescription of medicines for chronic diseases through a phone interview with any physician provided that:

(a) they take pharmaceutical products for chronic diseases not related to the development of COVID-19 symptoms;

(b) the stock of pharmaceutical products in their possession has run low or is not sufficient for their treatment for the time they will spend in areas of compulsory confinement and/or in self-isolation;

(c) for any reason whatsoever, they are unable to call their personal physician or a specialty doctor to repeat prescription or/and they are not registered with a personal physician who has entered into a contract with the Health Insurance Organisation or/and they are not beneficiaries of the General Health System:

(2) The physicians contacted by the said persons are obliged:

(a) to take the most complete, under the circumstances, medical history of the person contacting them;

(b) to prescribe the necessary pharmaceutical products, the relevant instructions for their administration and the necessary posology of the medicine(s) for the whole period of time during which the patient shall remain in places of compulsory confinement or in self-isolation, provided that they consider that the history taken is sufficient and satisfactory;

(c) in case they have entered into contract with the Health Insurance Organisation and the persons who are in a place of compulsory confinement or in self-isolation are beneficiaries of the General Health System, to enter the prescription to the relevant software so the pharmacy can retrieve it and give the pharmaceutical products to a person acting on behalf of the person who is in a place of compulsory confinement or in self-isolation;

(d) in case they have not entered into contract with the Health Insurance Organisation or the persons who are in a place of compulsory confinement or in self-isolation are not beneficiaries of the General Health System, to issue a handwritten prescription and make the necessary arrangements so the prescription can be received by the person acting on behalf of the person who is in quarantine in order to be processed by a pharmacy;

- (e) to inform the physician who has issued the initial prescription within a reasonable period of time.

Provided further that the pharmaceutical products prescribed could contain pharmaceutical products containing controlled drugs under the Narcotic Drugs and Psychotropic Substances Law or which are included in the Second, Third or Fourth Schedule of the Narcotic Drugs and Psychotropic Substances Regulations provided that the provisions of Regulation 11 of the said Regulations are observed.
