

**Clarifications about the lifting of the ban on entry to various venues by unvaccinated persons or persons who have not completed their vaccination**

**As of 21 February 2022**, the entry ban is lifted for persons who do not have a history of vaccination, or who have not completed their vaccination scheme, in catering establishments, entertainment venues, dance and music halls, stadiums, theatres, cinemas, performance spaces, weddings, christenings and accommodation in hotels or tourist establishments.

**Safe Pass conditions by age for the above venues:**

**0-5 years:** No laboratory test is required.

**6-11 years:** a Rapid test with a negative result on a weekly basis is required.

**12 years and over:** a 24-hour Rapid test with a negative result is required.

**Safe Pass conditions by age for all other venues:**

**0-5 years:** No laboratory test is required.

**6-11 years:** A Rapid test with a negative result on a weekly basis is required.

**12-17 years old:** a 72-hour PCR or Rapid test with a negative result is required.

**18 years and over:** a 48-hour Rapid test with a negative result or a 72-hour PCR test with a negative result is required.
