

## Threshold of half a million vaccinations surpassed

### *Schedule of appointments for 24-29 May*

The vaccinations that have been administered in Cyprus from 27 December 2020 to 21 May 2021 have exceeded half a million. Specifically, having intensified the implementation rate of the National Vaccination Plan against COVID-19, 504.008 vaccinations have been administered until yesterday, i.e. 57,3 doses per 100 inhabitants.

<b>Ages</b>	<b>Priority date at the Vaccination Portal</b>
43-45	Monday, 24 May, 7:30 in the morning until Tuesday, 25 May, 5:30 in the afternoon
40-42	Wednesday, 26 May, 7:30 in the morning until 5:30 in the afternoon
70 and over	Thursday, 27 May, 7:30 in the morning until 5:30 in the afternoon
37-39	Friday, 28 May, 7:30 in the morning until Saturday, 29 May, 5:30 in the afternoon

The Vaccination Portal will be accessible during the above-mentioned times, **only to people of the age groups described in the table above, and not to people of older ages.** Vaccinations will be carried out at the Vaccination Centres that operate in all Districts, with the available approved vaccines. Scheduling for appointments that will follow will be announced in the coming days.

Meanwhile, **the process of vaccination with the AstraZeneca vaccine by Personal Doctors continues** for beneficiaries aged 20 and over who have expressed an interest.
