## PRESS RELEASE

### Vaccinations of children aged 5-11 in cooperation with the Paediatric Society of Cyprus

As part of the effort to better serve parents/guardians and especially children aged 5-11, the Ministry of Health, in cooperation with the Paediatric Society of Cyprus, proceeds with the operation of large vaccination centres.

#### **In particular:**

- **On 29 January 2022**, the vaccination centre at the **State Fair — Point A** will serve only children aged 5–11 years (walk-in and appointment via the vaccination portal).

– Hours: 08:00-14:00

- **On 5 February 2022**, the vaccination centre at the **Spyros Kyprianou Sports Centre — Point A** will serve only children aged 5–11 years (walk-in and appointment via the vaccination portal).

– Hours: 08:00-14:00

- It is noted that on the above dates vaccination will be provided to children who are not registered in the General Healthcare System.

**For the vaccination of children, the consent form signed by both parents should be provided.**
