THE QUARANTINE LAW, CAP. 260

Decree by virtue of article 6(a), (b), (c), (d), (e) and (g)

Cap. 260.
32(l) of 2003
31(l) of 2020
72(l) of 2020.

The Minister of Health, in exercising the powers conferred upon him by article 6(a), (b), (c), (d), (e) and (g) of the Quarantine Law, Cap. 260 and by the Decision of the Council of Ministers dated 03 March 2021, hereby issues the following Decree:

Short title.

1. This Decree shall be cited as the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No. 12) of 2021.

2. Whereas the protection of public health and of the health care system are the responsibility of the Republic and for imperative urgency arising from the epidemiological data with the aim of preventing the spread of COVID-19, the protection of public health and the prevention of a possible collapse of the health system due to the spread of the virus, taking into consideration the requirements in human resources and logistical infrastructure necessary to cope with the rapid spread of the virus, and whereas the taking of requisite measures has become imperative; and

Government
Gazette,
Annex III (I):
23.3.2020.

Whereas by Notice published in the Government Gazette of the Republic, upon authorization by the Council of Ministers, the Minister of Health has declared the local districts of Nicosia, Limassol, Larnaca, Famagusta and Paphos as being infected by COVID-19, pursuant to article 4 of the Quarantine Law, Cap. 260, the following shall apply:

Government
Gazette,
Annex III (I):
12.3.2021.

2.1 The Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 11) of 2021 is hereby repealed as of 31 March 2021 at 23:59 p.m.

2.2 Due to the imperative urgency arising from the epidemiological data for the protection of public health, for coping with the spread of COVID-19 and taking into consideration that from 11 to 29 March 2021 6,495 cases have been recorded while the average rate of persons hospitalized daily fluctuates between 180 and 210 patients per day and given the fact that during the above period 18 deaths of patients have been recorded with COVID-19 as the ultimate cause of death and given that the percentage of positive results from laboratory testing moves close to 1%, the following shall apply

- (i) Cypriot citizens and members of their families (alien spouses and minor children);
- (ii) European citizens, citizens of the European Economic Area (Island, Lichtenstein, Norway) and Switzerland;
- (iii) legal residents of the Republic;
- (iv) passengers entitled to enter the Republic according to the Vienna Convention;
- (v) third-country nationals entitled to enter the Republic provided that they hold an approval for special entry permit to the Republic obtained upon application to the Commission appointed by the Council of Minister in its meeting of 17 June 2020;

(b) the persons of paragraph (a) with the exception of European citizens, including the citizens of the European Economic Area (Island, Lichtenstein, Norway) and Switzerland shall either hold a certificate of negative molecular COVID-19 test from a certified laboratory, performed 72 hours before departure, or undergo a molecular COVID-19 test immediately after their arrival in the Republic at their own expenses;

(c) citizens of EU Member States, EEA (Island, Lichtenstein, Norway) and Switzerland should hold a certificate of negative molecular COVID-19 test from a certified laboratory, performed 72 hours before departure;

(d) all passengers falling within the provisions of paragraph 2.10 shall remain in compulsory confinement and either undergo a molecular COVID-19 test on the 10th day of their self-isolation at their own expenses and their self-isolation is terminated provided that the result is negative or be released on the 14th day of their self-isolation provided that they are not positive to Covid-19, according to the guidelines of the Ministry of Health;

(e) all passengers coming to the Republic and tested positive for COVID-19 should be placed in compulsory confinement according to the protocol of the Ministry of Health;

(f) all passengers should comply in case of a random Covid-19 rapid testing upon their arrival in the Republic the cost of which is covered by the State.

2.11 The entry into and/or departure from the Republic is permitted to crew members of merchant vessels or crew members of oil rigs conducting research drilling works in the Exclusive Economic Zones of States with which the Republic has established diplomatic relations, or crew members of cruise ships or crew members of recreational craft, who either come to the ports of the Republic, or arrive by commercial or other flights, from countries of Grey category, according to the categorisation of countries based on the risk estimate, as announced by the Ministry of Health and on the following terms:

- (i) before arrival, these persons shall be self-isolated for 14 days;
- (ii) they undergo a molecular COVID-19 test before arrival, which should be negative and present present the relevant proof or if this is not possible upon arrival and if they are tested positive, they remain in compulsory confinement and the medical protocol of the Ministry of Health shall be observed; and
- (iii) their company and/or the agent who has undertaken the crew change, shall undertake to transport the crew directly from the ship to the airport and the transport of the crews arriving by plane from the airport to the port of departure, under strict protection measures. If the arrival of the ship and the arrival of the flight are not synchronised or if the results of the molecular tests are pending the company and/or the agent shall make the necessary arrangements with the authorities for the crews to be quarantined in designated accommodations until the arrival of the flight or vessel. Where possible, the crew to be disembarked shall remain aboard until the date of flight:

Provided that for those who are already working as crew members of ships that enter the Cypriot ports and will depart from the Republic, only paragraph 2.11(iii) applies.

2.12 The entry into and residency in the Republic are permitted to seamen and crew members of vessels entering the ports of the Republic, on the following terms:

- (a) for vessels coming to the Republic from countries of Green category and provided that they have not entered during the previous 14 days the port of a country of that category, seamen and crew members do not have to undergo a molecular COVID-19 test;
- (b) for vessels coming to the Republic from countries of Orange and Red category and provided that they have not entered during the previous 14 days the port of a country of Grey category, according to the categorisation, seamen and crew members should produce a certificate of negative molecular COVID-19 test valid 72 hours before the departure of the vessel or the said persons shall undergo a molecular test at the port and remain aboard until they receive the results;
- (c) for vessels coming to the Republic from countries of Grey category, seamen and crew members must:
 - (i) have been quarantined for 14 days and have filled in the relevant form issued by the Ministry of Transport, Communications and Works, as part of the protocol for the crew change;
 - (ii) undergo a molecular COVID-19 test when they disembark;

- (iii) remain aboard or in places of compulsory confinement until they receive the result of the test;
- (d) if the persons referred to in paragraphs (a) to (c) above, are diagnosed positive for COVID-19, they shall remain in compulsory confinement and the medical protocol of the Ministry of Health shall be observed; and
- (e) for the molecular testing, the transport and the isolation until the results of the test are received for these persons, the procedures provided for in paragraph 2.11 shall apply *mutatis mutandis*.

2.13 The entry into the Republic is permitted to persons from countries of Grey category, regardless of nationality, for carrying out public works or for business purposes, upon the approval by the Commission appointed by the Council of Ministers in its session of 17 June 2020, other than those falling within the provisions of paragraph 2.10(a)(i) to (iv), on the following terms:

- (a) if their stay in the Republic does not exceed 4 days:
 - (i) they may either produce a certificate of negative molecular COVID-19 test from a certified laboratory, performed 72 hours before departure;
 - (ii) or undergo a molecular Covid-19 test immediately after arriving in the Republic at their own expenses and remain in compulsory confinement until they receive the result,
 - (iii) these persons should undergo daily Covid-19 rapid tests until the day of their departure, have with them the testing proof for control purposes and take precautionary measures and measures of self-protection in their place of accommodation;
 - (iv) persons diagnosed positive to COVID-19 shall remain in compulsory confinement and the medical protocol of the Ministry of Health shall be observed.
- (b) If their stay in the Republic exceeds 4 days, the provisions of paragraph 2.10 shall apply.

2.14 The following applies to those coming legally to the Republic from the legal maritime entry points:

- (a) for recreational craft coming to the Republic from countries of Green category, passengers need not produce a proof of molecular Covid-19 test before their arrival and should comply in case of a random rapid testing for Covid-19 upon their arrival in the Republic, the cost of which shall be covered by the State;
- (b) for recreational craft coming to the Republic from countries of Orange category, passengers must produce a certificate of negative molecular COVID-19 test performed 72 hours before the departure of the craft or undergo a molecular COVID-19 test at the berthing area and in this case they must remain in compulsory confinement until they receive the result of the test;
- (c) for recreational craft that come from countries of Red category passengers must produce a certificate of negative molecular COVID-19 test performed 72 hours before the departure of the craft and additionally they must undergo a molecular COVID-19 test at the berthing area and remain in compulsory confinement aboard until they receive the result;
- (d) for recreational craft that come from countries of Grey category and have not entered during the previous 14 days as of their arrival any port or they have entered ports of countries of Green, Orange and Red category, the passenger aboard must before arriving in the Republic receive the approval of the Commission appointed by the Council of Ministers in its meeting of 17 June 2020, other than those falling within the provisions of paragraph 2.10(a)(i) to (iv) and the passengers aboard shall undergo a

molecular COVID-19 test upon their arrival in the Republic at the berthing area and remain in compulsory confinement until they receive the result of the test:

Provided that for recreational craft that come from countries of Grey category and for which the interval between their departure from a country of Grey category and their arrival in the Republic is less than 14 days, the passenger aboard shall remain in compulsory confinement aboard until the period of 14 days has elapsed or undergo a molecular Covid-19 test on the 10th day of their compulsory confinement at their own expenses and the confinement shall be terminated provided that the result of the test is negative;

- (e) persons falling within subparagraphs (a) to (d) of this paragraph, who are arriving in the Republic and tested positive to Covid-19, shall remain in compulsory confinement and the medical protocol of the Ministry of Health shall be observed.

Provided that the operators of the legal maritime entry points shall ensure that the persons aboard observe the above provisions.

2.15 The entry into the Republic is permitted to persons from countries falling into the Grey category, as announced by the Ministry of Health, who have obtained in advance a work permit as housekeepers, agricultural and farm workers and for any other employment in the Republic from the competent Ministries and Departments and upon approval by the Commission appointed by the Council of Ministers in its session of 17 June 2020, on the following terms:

- (a) the special entry permit is granted based on the order in which applications are submitted, which is recorded in an electronic register kept by the Ministry of Interior;
- (b) employers pay in advance the cost of accommodation for the above persons for their compulsory confinement in hotels and/or tourist accommodation units with which the Deputy Ministry of Tourism has entered into contract, as well as the cost of two molecular COVID-19 tests (one test upon arrival and a repeat test on the 10th day of the compulsory confinement) and the compulsory confinement shall terminate provided that the result of the molecular test is negative:

Provided that the overall incurred cost prepaid by the employers is determined by the Council of Ministers; and

- (c) employees falling within the provisions of this Regulation shall pay their own cost of transport to the said tourist accommodation units.

2.16 The persons who are entitled to come to the Republic according to the Vienna Convention and arrive from countries other than those of Green category, shall either undergo a molecular COVID-19 test that has to be negative and valid 72 hours before their departure or undergo a molecular test upon their arrival and remain in a designated area until they receive their result

2.17 (i) Passengers entering the Republic with a valid certificate of vaccination issued by the Republic and provided that, following the administration of all required doses, depending on the vaccine administered to them, the number of days predetermined by the Ministry of Health has elapsed between the administration of the last dose and the date of the trip, are exempted from undergoing a Covid-19 test and from the obligation of self-isolation;

(ii) Passengers entering the Republic with a valid certificate of vaccination issued by the State of Israel for a vaccine approved by the European Medicines Agency and provided that, following the administration of all required doses, depending on the vaccine administered to them, the number of days predetermined by the Ministry of Health has elapsed between the administration of the last dose and the date of the trip, are exempted from undergoing a Covid-19 test and from the obligation of self-isolation;

Provided that the persons falling within the provisions of this Regulation shall comply in case of a random Covid-19 rapid testing upon their arrival in the Republic the cost of which is covered by the State and for those tested positive for Covid-19 the medical protocol of the Ministry of Health shall be observed.

2.18 (a) All persons, regardless of their country of departure, travelling by plane to the Republic and falling within the provisions of paragraphs 2.9, 2.10, 2.11, 2.12, 2.13, 2.15, 2.16 and 2.17 hereof, should fill in electronically and within 24 hours before the commencement of their trip all information, details and declarations requested, according to the procedures provided for on www.cyprusflightpass.gov.cy and hold the CyprusFlightPass prior to boarding and upon their arrival in the Republic.

(b) Notwithstanding the provisions of subparagraph (a), in case of a technical problem or maintenance of the website www.cyprusflightpass.gov.cy, which is officially announced by the Civil Aviation Department, the passenger may fill in the form in writing.

c) Passengers arriving in the Republic without the CyprusFlightPass, electronically or completed in handwriting only in case of the reasons referred to in subparagraph (b), are committing an offence and in such case the Out-of-court Settlement of Offences Laws of 1997 (No. 6) of 2020 shall apply providing for the payment of a fine of €300.00, unless they do not enter the Republic and return to the initial country of departure.

(d) Passengers arriving in the Republic without the CyprusFlightPass, shall pay a fine of €300.00 and must undergo a molecular COVID-19 test at the respective airport of the Republic at their own expenses and be self-isolated until they receive the result.

(e) Notwithstanding the provisions of subparagraphs (a) to (d) hereof, the coordinators of delegation of sports teams traveling with charter flight for events within the context of European and international championships, are obliged to present a list with all the names of the delegation stating the date and the result of the molecular COVID-19 test.

(f) Referees participating in European and/or international championships, travelling from and to the Republic, under the guidelines of the Ministry of Health.

2.19 (a) Asylum seekers who enter and/or are placed and/or are obliged to stay for the first time in reception, hospitality and/or detention centres for asylum seekers, should undergo a molecular COVID-19 test before entering these centres.

(b) Asylum seekers staying in the hospitality and/or detention centre shall undergo and/or repeat the laboratory COVID-19 tests whenever the head of the asylum centre may think appropriate.

2.20 (a) All new inmates shall undergo molecular COVID-19 test before being admitted to any detention centre and/or prison.

(b) Inmates shall undergo and/or repeat the laboratory COVID-19 tests whenever the Director of the Prison Department and/or the Head of Detention Centres and/or the Chief of Police and/or any other person in charge of the detention centres may think appropriate.

2.21 (a) Entities and persons working at the ports of the Republic, including passengers and staff entering into and moving inside the port areas of the Republic, shall observe the Medical Protocol of the ports of the Republic, as well as the guidelines and measures issued by the Minister of Transport, Communications and Works and the Minister of Health, as amended from time to time, for preventing the spread of COVID-19 in the Republic. The Operator of the Airports of the Republic is responsible to ensure their uniform implementation by all those working and providing services to the airports of the Republic.

(b) Air companies shall observe the Medical Protocol of the airports of the Republic, as well as the guidelines and measures issued by the Minister of Transport, Communications and

Works and the Minister of Health, as amended from time to time, regarding the procedures applied by the airports of the Republic for preventing the spread of COVID-19.

(c) It is prohibited for the airlines to allow passengers traveling to the Republic who do not possess the CyprusFlightPass to board the aircraft, unless there are reasons stated in paragraph 2.18(b).

2.22 Persons placed in compulsory confinement and self-isolation should:

- (a) remain inside the place of accommodation, unless they receive instructions from their physician or an authorised public health officer to go to a medical centre;
- (b) maintain a distance of at least 2 meters from other persons;
- (c) not accept visits at their place of accommodation:

Provided that these persons are obliged to comply with the directives of the Ministry of Health issued from time to time and notified and/or published in relation to the procedure of compulsory confinement and/or self-isolation.

2.23 (a) The entry of any person into places of compulsory confinement is prohibited without authorisation by the Minister of Health or an authorised officer of the Ministry of Health.

(b) It is forbidden for everyone without the authorisation by the Minister of Health or an authorised officer of the Ministry of Health to approach within a distance of less than two meters any person who is a confirmed case of COVID-19 or in compulsory confinement or in self-isolation.

2.24 Subject to the legislation of the Republic in force from time to time providing otherwise, the persons who are in places of compulsory confinement designated by the Republic or/and in self-isolation, may by telephone interview with any physician ask for repeat prescription of medicines for chronic diseases provided that:

- (a) they take pharmaceutical products for chronic diseases that are not related to the symptoms of the COVID-19 infection;
- (b) the stock of pharmaceutical products that have with them is running low or is not sufficient for their treatment for the time they will spend in areas of compulsory confinement and/or in self-isolation;
- (c) for any reason whatsoever, they are unable to call their personal physician or a specialty doctor to repeat prescription or/and they are not registered with a personal physician who has entered into a contract with the Health Insurance Organisation or/and they are not beneficiaries of the General Health System:

Provided that the physicians contacted by the said persons:

- (i) should take the most complete, under the circumstances, medical history of the person contacting them;
- (ii) should issue the prescription with the necessary pharmaceutical products, the relevant instructions for their administration and the necessary posology of the medicine(s) for the whole period of time during which the patient shall remain in places of compulsory confinement or in self-isolation, provided that they consider that the history taken is sufficient and satisfactory;
- (iii) in case they have entered into contract with the Health Insurance Organisation and the persons who are in a place of compulsory confinement or in self-isolation are beneficiaries of the General Health System, should enter the prescription to the relevant software so the pharmacy can retrieve it and give the pharmaceutical

products to a person acting on behalf of the person who is in a place of compulsory confinement or in self-isolation;

- (iv) in case they have not entered into contract with the Health Insurance Organisation or the persons who are in a place of compulsory confinement or in self-isolation are not beneficiaries of the General Health System, should issue a handwritten prescription and make the necessary arrangements so the prescription can be received by the person acting on behalf of the person who is in quarantine in order to be processed by a pharmacy;
- (v) should inform the physician who has issued the initial prescription within a reasonable period of time:

Provided further that the pharmaceutical products prescribed could contain pharmaceutical products containing controlled drugs under the Narcotic Drugs and Psychotropic Substances Law or which are included in the Second, Third or Fourth Schedule of the Narcotic Drugs and Psychotropic Substances Regulations provided that the provisions of Regulation 11 of the said Regulations are observed.

* The maximum wholesale prices are for producers, importers and dealers and do not apply to intermediates – resellers.

2.29 Authorised officers from the Consumer Protection Services of the Ministry of energy, Commerce and Industry shall proceed to the control of prices to ensure the implementation of the provisions of decrees issued by Ministry of Health, with regard to the fixing of maximum prices for specific products.

2.30 Civil servants who are absent from work for self-isolation purposes shall be granted a Special Leave for Public Health Reasons with a retrospective force as of 20 March 2020, date on which the Minister of Health announced the possibility of issuing a Medical Certificate of Absence from Work for Public Health Reasons, provided that the affected officers had produced the said certificate and their absence had been calculated against their rest leave in the following cases and on the following conditions:

- (a) where the officer is placed in compulsory confinement, due to close contact with a confirmed case in the context of his/her duties provided that he/she shall produce a Medical Certificate of Absence from Work for Public Health Reasons;
- (b) where the officer is placed in compulsory confinement after returning from a service trip from a country that do not fall into Green category, according to the categorisation of countries, based on the risk assessment, as announced by the Ministry of Health, provided that he/she shall produce a Medical Certificate of Absence from Work for Public Health Reasons from the Ministry of Health;
- (c) upon decision for compulsory absence from work due to a confirmed case among the staff of the service which should remain closed for a certain period of time;

- (d) for the purposes of taking care of children under the age of 15 where:
 - (i) the child is a contact of a case and is placed in compulsory confinement;
 - (ii) due to a confirmed case at school which should remain closed for a certain period of time;
- (e) The Special Leave for Public Health Reasons is granted in the cases of subparagraph (a) to (d) only, if the nature of the work does not allow teleworking and upon approval by the Head of the Ministry/Service/Organisation of Public Law/Local Authority:

Provided that in case the officer is requested to be absent from work in order to be self-isolated for any reason other than those provided for in subparagraphs (a) to (e), the days of absence from work shall be considered as days of sick leave if and where the nature of work does not allow teleworking.

2.31 Resident doctors and doctors in training who are absent from their duties:

- (i) for being infected by Covid-19 within the context of their duties, shall be granted a Special Leave for Public Health Reasons with retrospective force as of 08 January 2021;
- (ii) for being infected by Covid-19 or placed in compulsory confinement outside the context of their duties, may use their normal sick leave and have the possibility to use their entire sick leave of the year (and for the semester, in case of doctors in training) and not only of the time worked, provided that this will become a leave accrual by the end of 2021 with retrospective force as of 08 January 2021:

Provided that in case their education is terminated within the context of their residency, they shall be obliged to reimburse to the State the amount corresponding to the accrual basis the leave they were entitled to at that specific moment.

2.32 Notwithstanding the provisions of Regulation 5(1) of the Public Service (Grant of Leaves) Regulations of 1990 to 2017 (R.A.A. 101/95), people working at the public sector and the wider public sector, who, due to the nature of their duties, were unable to take their annual leave to their credit or their leave was suspended by their service due to the emergency of the COVID-19 coronavirus pandemic, in the years 2020 and 2021, may accumulate and transfer to the following year up to 20 days of rest leave, regardless of the overall number of days of rest leave they may have accumulated:

Provided that in case the maximum limits of accumulated days of rest leave are exceeded, the additional days of leave must be taken in the following two years, i.e. by 31 December 2022.

2.33 The owner and/or the director and/or the manager of nursing homes, care for the elderly units, chronic patients' units, homes and hostels for vulnerable groups, transitional hospitality hostels for the homeless, day centres and child protection units, are obliged to comply with the guidelines of the Ministry of Health as to the performance of COVID-19 molecular tests and/or rapid tests for the staff and those residing in the settings referred to in this Regulation.

2.34 The maximum price for a COVID-19 molecular test is fixed at €50.00 (excluding VAT), per examination, save for the existing contracts that have been entered into by the State.

2.35 The maximum price for a COVID-19 rapid antigen test is fixed at €20.00 (excluding VAT), per examination.

2.36 Taking into consideration the economic impacts of the COVID-19 pandemic and the imperative urgency to take measures such as the suspension of business activities and with the aim to mitigate these economic impacts:

- (i) Undertakings or/and self-employed persons under a full suspension of their business activities, by virtue of this Decree or by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, including undertakings or/and self-employed persons under a full suspension of their business by virtue of this Decree irrespective of whether they are able to provide delivery or/and take away services, or undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, shall not pay the rent to the State, including the Turkish Cypriot Properties Management Service and the Organisations of Public Law, as provided for by the lease agreements in force, corresponding to the months of January and February of 2021, or/and February and March of 2021 in case the rent of the month of January 2021 has already been paid;
- (ii) The obligation of payment of 70% of the rent corresponding to the months of January and February 2021, or/and February and March 2021 in cases where the rent for the month of January 2021 has already been paid, is temporarily suspended, which is paid to owners of immovable property for business lease purposes by businesses or/and self-employed under a full suspension of their business activities, by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, including undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, or undertakings or/and self-employed persons under a full suspension of their business activities by virtue of the Quarantine (Determination of Measures to Prevent the Spread of COVID-19 Coronavirus) Decree (No 2) of 2021, irrespective of whether they are able to provide delivery or/and take away services, provided that the said amount should be paid monthly by equal amounts.

2.37 The election for the substitute Chairman of the Community Council of Liopetri, Famagusta District, set for 31 January 2021, is suspended:

Provided that the election shall be carried out on a new date set by the Minister of Interior.

2.38 The undertakings that their operation has not been suspended shall operate under the safety and health guidelines of the Ministry of Health and/or of the competent Ministries/Authorities.

2.39 All those working in the private, public and wider public sector, in Local Authorities and in the educational service are obliged to undergo a COVID-19 rapid antigen test under the guidelines of the Ministry of Health:

Provided that the employers should ensure the compliance of their employees with the provisions of this paragraph, under the guidelines of the Ministry of Health.
