

**Rapid antigen testing for employees and the general population is in progress**  
**- Testing units**

Employees returning to work on 8 February, according to the decree in force, must undergo a rapid antigen test during this week. Within this framework, the Ministry of Health is conducting a nationwide program of free screening with rapid antigen tests, in order to ensure a smooth and safe reopening of businesses/sectors.

Based on the above and to make the screening possible for everyone returning to their work place, **the employees are grouped alphabetically according to their surname**, as follows:

<b>Day/Date</b>	<b>Surname – Greek alphabet</b>	<b>Surname – Latin alphabet</b>
Thursday, 4 February	K – Λ	J – M
Friday, 5 February	M – O	N – R
Saturday, 6 February	Π – Σ	S – V
Sunday, 7 February	T – Ω	W – Z

Employees are **encouraged to adhere to the above alphabetical grouping**, so that the program will be carried out in an organized manner without overcrowding or inconvenience. The employees with a surname A - I (Greek alphabet) and A - I (Latin alphabet) who have not proceeded for testing yet, are asked to undergo a test in the following days, **since a negative rapid test outcome constitutes a requirement for returning to work**.

The testing program for employees will be carried out **at the same time as the testing program for the general population**. In order to better serve all citizens, 55 testing units are operating in the whole of Cyprus, with extended operating hours for the period **4-7 February**, as follows:

<b>District</b>	<b>Location of testing units</b>	<b>Operating hours</b>
