

Rapid antigen testing for employees and the general population is in progress – Testing units

According to the decree in force, employees in businesses and other professional sectors who are returning to work on 8 February, are obliged to undergo an antigen rapid test. In this context, the Ministry of Health's program of free screening with rapid antigen test continues, in order to ensure a smooth and safe re-opening of businesses/sectors.

Based on the above and to make the screening possible for everyone returning to their work place, **the employees are grouped alphabetically according to their surname**, as follows:

Day/Date	Surname – Greek alphabet	Surname – Latin alphabet
Friday, 5 February	M – O	N – R
Saturday, 6 February	Π – Σ	S – V
Sunday, 7 February	Τ – Ω	W – Z

Employees are **encouraged to adhere to the above alphabetical grouping**, so that the program will be carried out in an organized manner without overcrowding or inconvenience. The employees with a surname Α – Λ (Greek alphabet) and A - M (Latin alphabet) who have not proceeded for testing yet, are asked to undergo a test in the following days, **since a negative rapid test outcome constitutes a requirement for returning to work.**

The testing program for employees will be carried out **at the same time as the testing program for the general population.** In order to better serve all citizens, **56 testing units** are operating in all Districts, with extended operating hours for the period **5-7 February**, as follows:

District	Location of testing units	Operating hours
