

REPUBLIC OF CYPRUS
MINISTRY OF HEALTH

**Immunization Programme of the Ministry of Health against the Covid-19
and seasonal influenza for the period 2023/2024**

The Immunization Programme of the Ministry of Health, provides the opportunity for all citizens, above the age of 18 years, to proceed in order to be vaccinated against COVID-19 and seasonal influenza, at the walk-in Immunization Centres available in all districts.

Requirements for the administration of the vaccination:

- A document of identity must be presented (Identity Card, Passport, Alien Registration Card)
- A period of five months must have elapsed since the previous vaccination against COVID-19
- A period of at least three months must have elapsed since a previous positive COVID-19 Test.
- In the event that a beneficiary wishes to be vaccinated only against COVID -19 or to be vaccinated against the two diseases (COVID-19 and Seasonal Influenza), this can be carried out at the Vaccination Centres of the Ministry of Health.
- Vaccination of non-beneficiaries of the National Health Service (GESY) but whom belong to a high-risk group, will be provided free of charge at the Vaccination Centres of the Ministry of Health.
- Vaccination of National Health Service (GESY) beneficiaries who wish to be vaccinated against seasonal influenza can be arranged by appointment with their Personal Doctors (General Practitioners).
